1. INTRODUCTION

1.1 Application

This Rulebook applies to every Authorised Person with respect to the carrying on, in or from the Abu Dhabi Global Market, of any:

- (a) Regulated Activity where this involves provision of a service to a Client; or
- (b) activity which is carried on, or held out as being carried on, in connection with or for the purposes of such a Regulated Activity;

except to the extent that a provision provides for a narrower application.

2. CLIENT CLASSIFICATION

2.1 Application

2.1.1 This chapter applies to an Authorised Person carrying on or intending to carry on any Regulated Activity with or for a Person.

2.1.2 For the purposes of this chapter, a Person includes any organisation (including outside of the Abu Dhabi Global Market) whether or not it has a separate legal personality.

2.1.3 This chapter does not apply to a Credit Rating Agency in so far as it carries on, or intends to carry on, the Regulated Activity of Operating a Credit Rating Agency.

2.1.4 This chapter does not apply to an Authorised ISPV.

Guidance

- 1. The activity described in section 67 of Chapter 14 of Schedule 1 of FSMR refers to the marketing of Regulated Activities and Specified Investments which are offered in a jurisdiction outside the Abu Dhabi Global Market. Such marketing activities can be conducted by an Authorised Person that holds a Representative Office Licence, provided the Regulated Activities or Specified Investments marketed by it are those offered by its head office, or a member of its Group.
- 2. As a Representative Office conducting marketing activities of the kind described in section 67 of Chapter 14 of Schedule 1 of FSMR does not have a client relationship with a Person to whom it markets a Specified Investment or engages with in relation to carrying on a Regulated Activity, the client classification requirements in this chapter do not apply to the Authorised Person with regard to its engagement with that Person.
- 3. Other Authorised Persons can also conduct marketing activities of the kind described in section 67 of Chapter 14 of Schedule 1 of FSMR under the exclusion in section 67(5) of Chapter 14 of Schedule 1 of FSMR.

2.2 Client Categorisation

2.2.1 An Authorised Person must categorise each of its clients into an appropriate Client category. There are three Client categories:

- (a) Retail Client;
- (b) Professional Client; and
- (c) Market Counterparty.

2.2.2 A Person may be classified into one category of Client in relation to the carrying on of a Regulated Activity where this involves provision of a service to a Client, product or Transaction, but another category of Client in relation to another such Regulated Activity and corresponding service, product or Transaction. An Authorised Person must ensure that a client is appropriately and correctly classified with respect to each Regulated Activity, service, product or Transaction.

2.2.3 If an Authorised Person is aware that a Client, with or for whom it is intending to carry on a Regulated Activity where this involves provision of a service to a Client, is acting as an agent for another Person (the "second person") in relation to a particular Transaction, then unless the Client is another Authorised Person or a Recognised Body, the Authorised Person must also treat that second person as its Client in relation to that Transaction.

2.2.4 If an Authorised Person intends to carry on any Regulated Activity where this involves provision of a service to a client which is a trust, it must unless otherwise provided in the Rules, treat the trustee of the trust, and not the beneficiaries of the trust, as its Client.

Guidance

1. The point at which a Person becomes a Client of an Authorised Person is a question of fact that needs to be addressed by the Authorised Person in light of the nature of the relevant Regulated Activity (or Specified Investment) involved, and the relations and interactions which the Authorised Person has with that Person. For instance, in certain types of Regulated Activities (such as corporate advisory services), a number of conversations (such as marketing and promotional activities) may occur between an Authorised Person and a potential client before it may appear to the Authorised Person on a reasonable basis that the Authorised Person is likely to be carrying on a Regulated Activity where this involves provision of a service to a Client, at which point a client classification is required.
2. The client classification must take place before an Authorised Person carries on a Regulated Activity where this involves provision of a service to a Client. However, this does not preclude marketing prior to such classification being documented and notified.
3. The Regulator expects Authorised Persons to adopt practices which are consistent with the underlying intent of the client classification provisions, which is to provide Clients with an appropriate level of regulatory protection in light of the resources and expertise available to such Clients. Therefore, as soon as it is reasonably apparent that an Authorised Person is likely

to carry on a Regulated Activity where this involves provision of a service to a potential customer, it should undertake the client classification process relating to that customer.

4. For example, an Authorised Person is not expected to undertake advising or arranging activities relating to a Regulated Activity or Specified Investment which is suited to Professional Clients (e.g. complex derivatives) with a potential customer without having a reasonable basis to consider that such a customer has sufficient knowledge and experience relating to the relevant activity or product. Whilst a formal client classification may not be needed at the early stages of interaction, an Authorised Person is expected to form a reasonable view about the professional status of a potential Client when exposing such a customer to Regulated Activities or Specified Investment (such as investments in a Qualified Investor Fund) which are intended for Professional Clients.

2.3 Retail Clients

A Person who cannot be classified as a Professional Client or Market Counterparty in accordance with these Rules is a Retail Client. If an Authorised Person chooses to provide Regulated Activities to a Person as a Retail Client, it may do so by simply classifying that Person as a Retail Client without having to follow any further procedures as compared to those required for classifying Persons as Professional Clients or Market Counterparties.

2.4 Professional Clients

2.4.1 There are three routes through which a Person may be classified as a Professional Client:

- (a) "deemed" Professional Clients;
- (b) "Service-based" Professional Clients; and
- (c) "assessed" Professional Clients.

2.4.2 "Deemed" Professional Clients

- (a) A Person is a "deemed" Professional Client if that Person is:
 - (i) a Person which, as at the date of its most recent financial statements, met at least two of the following requirements:
 - (A) a balance sheet total of US\$20 million;
 - (B) a net annual turnover of US\$40 million; or
 - (C) own funds or called up capital of at least US\$2 million
 - (a "Large Undertaking");
 - (ii) a supranational organisation whose members are either countries, central banks or national monetary authorities;

- (iii) a properly constituted government, government agency, central bank or other national monetary authority of any country or jurisdiction;
 - (iv) a public authority or state investment body;
 - (v) a Recognised Body;
 - (vi) an Authorised Person;
 - (vii) the management company of a regulated pension fund;
 - (viii) a Collective Investment Fund or a regulated pension fund;
 - (ix) a Body Corporate whose shares are listed or admitted to trading on any exchange of an IOSCO member country;
 - (x) any other institutional investor whose main activity is to invest in Financial Instruments, including an entity dedicated to the securitisation of assets or other financial transactions;
 - (xi) a trustee of a trust which has, or had during the previous twelve months, assets of at least US\$10,000,000. An individual trustee on the board of such a trust is only a "deemed" Professional Client in relation to that particular trust;
 - (xii) a holder of a licence under the Single Family Office Regulations with respect to its activities carried on exclusively for the purposes of, and only in so far as it is, carrying out its duties as a Single Family Office; or
 - (xiii) a Subsidiary or a Parent of any of the Persons described in Rules 2.4.2(a)(i)-(xii).
- (b) An Authorised Person must have a reasonable basis for classifying a Person as falling within the list of "deemed" Professional Clients above, including by inspecting copies of any necessary supporting documentation and keeping records of the same.

2.4.3 "Service-based" Professional Clients

- (a) A Person is a "Service-based" Professional Client if:
- (i) the Regulated Activity carried on, where this involves provision of a service to a Client, is Providing Credit;
 - (ii) the Person is an Undertaking;
 - (iii) the Credit Facility in question is provided for use in the business activities of:
 - (A) the Person;
 - (B) a Controller of the Person;

- (C) any member of the Group to which the Person belongs; or
 - (D) a joint venture of a Person referred to in Rules 2.4.3(a)(iii)(A) – (C);
 - (iv) the Regulated Activity carried on, where this involves provision of a service to a Client, is "Advising on Investments", "Advising on Credit", "Arranging Credit" or "Arranging Deals in Investments" and the service is provided for the purposes of Corporate Structuring and Financing; and
 - (v) the Person has not opted-in to be classified as a Retail Client.
- (b) A "Service-based" Professional Client may elect to be treated as a Retail Client in accordance with Rule 2.6.1.
- (c) An Authorised Person must have a reasonable basis for classifying a Person as falling within the list of "Service-based" Professional Clients above such as inspecting copies of any necessary supporting documentation and keeping records of the same.

Guidance

1. An Authorised Person may classify an Undertaking as a Professional Client for the purposes of Providing Credit for business purposes, not only for the Undertaking itself, but also for its related entities (such as a Controller or member of its Group), provided that the Undertaking has not opted-in to be classified as a Retail Client.
2. An Authorised Person must decide whether to classify an Undertaking, that is a "deemed" Professional Client but would also qualify as a "Service-based" Professional Client, as a "deemed" Professional Client or as a "Service-based" Professional Client. "Deemed" Professional Clients are not able to opt to be classified as a Retail Client, but "Service-based" Professional Clients are. Generally, it would be more appropriate to classify such a Person as a "deemed" Professional Client rather than a "Service-based" Professional Client.
3. Joint ventures may be in the form of contractual arrangements under which parties contribute their assets and expertise to develop or to undertake specified business activities. Where an Undertaking is set up by participants in such a joint venture for the purposes of their joint venture, the Undertaking itself can be treated as a Professional Client provided a joint venture partner meets the Professional Client criteria. To be able to rely on a joint venture partner's Professional Client status, such a partner should generally be a key decision maker with respect to the business activities of the joint venture, and not just a silent partner.
4. Advisory and arranging services given to an individual who is a wealth management client for the purposes of their investment activities or portfolio management are excluded because such clients are not necessarily Professional Clients. Therefore, for such a client to qualify as a Professional Client, he would need to be an "assessed" Professional Client.

2.4.4 "Assessed" Professional Clients

Individuals

- (a) An individual may be treated as an "assessed" Professional Client (instead of a Retail Client) if:
 - (i) the individual has net assets of at least US\$500,000 (including any assets held directly or indirectly by that person), the calculation of which must exclude:
 - (A) property which is that person's primary residence or any loan secured on that residence;
 - (B) any rights of that person under a qualifying Contract of Insurance within the meaning of FSMR; or
 - (C) any benefits (in the form of pensions or otherwise) which are payable on the termination of that person's service or on death or retirement and to which that person or that person's dependents are, or may be, entitled;
 - (ii) either:
 - (A) the individual is, or has been, in the previous twelve months, an Employee in a professional position of an Authorised Person or a Recognised Body; or
 - (B) the individual appears, on reasonable grounds, to have sufficient experience and understanding of relevant financial markets, products or transactions and any associated risks, following the analysis set out in Rule 2.6.2; and
 - (iii) the individual has not opt to be classified as a Retail Client.
- (b) An Authorised Person may classify any legal structure or vehicle, such as an Undertaking, trust or foundation, which is set up solely for the purpose of facilitating the management of an investment portfolio of an individual assessed as meeting the requirements in Rule 2.4.4(a) as a Professional Client.
- (c) An Authorised Person may classify as a Professional Client an individual (a "joint account holder") who has a joint account with an individual assessed as meeting the requirements in Rule 2.4.4(a) (the "primary account holder") if:
 - (i) the joint account holder is a Family Member of the primary account holder;
 - (ii) the account is used for the purposes of managing investments for the primary account holder and the joint account holder; and

- (iii) the joint account holder has confirmed in writing (or, in the case of a joint account operated by a primary account holder who is a parent or legal guardian of a minor, that parent or guardian exercises its authority to act for the minor in accordance with any necessary formalities) that investment decisions relating to the joint account are generally made for, or on behalf of, him by the primary account holder.
- (d) An individual classified as a Professional Client may operate a joint account with more than one Family Member. Provided that each such Family Member meets the requirements set out in Rule 2.4.4(c), they may all be classified as Professional Clients.
- (e) A legal structure or vehicle of a Professional Client which is itself classified as a Professional Client may not opt to be treated as a Retail Client, as that right belongs to the Professional Client for whose purposes the vehicle is set up.
- (f) A Family Member of a Professional Client classified as a Professional Client under Rule 2.4.4(c) does not *per se* have a right to opt to be classified as a Retail Client with regard to the operation of the joint account.
- (g) A Family Member of a Professional Client classified as a Professional Client under Rule 2.4.4(c) may withdraw his confirmation given to have decisions on behalf of him made by the Professional Client who is the primary account holder of the joint account. An Authorised Person must ensure that once such a withdrawal is made, the withdrawing individual is no longer classified as a Professional Client.

Undertakings

- (h) An Authorised Person may classify an Undertaking as an "assessed" Professional Client if the Undertaking, or (as assessed by the Authorised Person) its Controller (provided that if such controller is a natural person, it meets the Professional Client criteria in Rule 2.4.4(a)), Holding Company, Subsidiary or joint venture partner:
 - (i) either:
 - (A) has own funds or called up capital of at least US\$500,000;
 - (B) appears, on reasonable grounds, to have sufficient experience and understanding of relevant financial markets, products or transactions and any associated risks, following the analysis set out in Rule 2.6.2; and
 - (C) has not opted to be classified as a Retail Client; or
 - (ii) meets any of the criteria in Rule 2.4.2 for a "deemed" Professional Client.

Guidance

1. In the calculation of net assets in Rule 2.4.4(a)(i), the reference to "assets held directly or indirectly" is designed to include assets held by direct legal ownership, by beneficial

ownership (e.g. as a beneficiary in a trust), or by both legal and beneficial ownership. Such assets may be held, for instance, through a special purpose or personal investment vehicle, a foundation, or similar. Similarly, any real property held subject to an Islamic mortgage, where the lender has the legal title to the property, may be counted as indirectly held property of a Client, less the amount owing on the mortgage, where it is not a primary residence. As the test is to determine the net assets (not gross assets) of an individual, any mortgages or other charges held over the property to secure any indebtedness of the individual should be deducted from the value of the assets. An individual's primary residence is excluded from the calculation of their net assets. If an individual who is an expatriate has a primary residence in his home country, such a residence should not generally be counted for the purposes of meeting the net asset test. However, if the current residence in the host country is owned by the individual, then that may be treated as their primary residence and the value of the residence in the home country of the individual may be counted for the purposes of meeting the net asset test, provided there is sufficient evidence of ownership and an objective valuation of the relevant premises. An Authorised Person should be able to demonstrate that it has objective evidence of the ownership and valuation of any assets taken into account for the purposes of meeting the net asset test.

2. Joint ventures may be in the form of contractual arrangements under which parties contribute their assets and expertise to develop or to undertake specified business activities. Where an Undertaking is set up by participants in such a joint venture for the purposes of their joint venture, the Undertaking itself can be treated as a Professional Client provided a joint venture partner meets the Professional Client criteria. To be able to rely on a joint venture partner's Professional Client status, such a partner should generally be a key decision maker with respect to the business activities of the joint venture, and not just a silent partner.

2.5 Market Counterparties

- (a) An Authorised Person may classify a Person as a Market Counterparty if:
 - (i) that Person is a "deemed" Professional Client; and
 - (ii) the requirements in Rule 2.5(b) have been met.
- (b) An Authorised Person must, before classifying a Person as a Market Counterparty, ensure that such a Person has:
 - (i) been given a prior written notification of the classification as a Market Counterparty in relation to a particular Regulated Activity or Transaction, or in respect of all Regulated Activities and Transactions; and
 - (ii) not requested to be classified otherwise within the period specified in the notice.
- (c) The notification in Rule 2.5(b)(i) need only be given to:

- (i) in the case of a Fund, either to the Fund or its Fund Manager; and
- (ii) in the case of a pension fund, either to such fund or its management company.

2.6 Client Classification Procedures

2.6.1 Option for a Professional Client to be classified as a Retail Client

- (a) A Professional Client has the right to elect to be classified as a Retail Client. An Authorised Person must, when first establishing a relationship with such a Person as a Professional Client, inform that Person of:
 - (i) that Person's right to be classified as a Retail Client;
 - (ii) the higher level of protection available to Retail Clients; and
 - (iii) the time within which the Person may elect to be classified as a Retail Client.
- (b) If the Person does not expressly elect to be classified as a Retail Client within the time specified by the Authorised Person, the Authorised Person may classify that Person as a Professional Client.
- (c) If such a Person already classified as a Professional Client by an Authorised Person expressly requests the Authorised Person to be re-classified as a Retail Client, the Authorised Person must re-classify such a Person as a Retail Client.
- (d) If an Authorised Person does not provide Regulated Activities to Retail Clients, it must inform the Person of this fact and any relevant consequences.

Guidance

1. The obligation in Rule 2.6.1(a) applies to an Authorised Person when it first carries on or intends to carry on a Regulated Activity where this involves provision of a service to a Professional Client.
2. Once an Authorised Person has first classified a Person as a Professional Client, that Professional Client has a right at any time thereafter to ask to be re-classified as a Retail Client to obtain a higher level of protection. Although the right to ask the Authorised Person to be re-classified as a Retail Client is available to the Professional Client, as a matter of good practice:
 - (i) the Authorised Person should also periodically review whether the circumstances relating to the particular Client remain the same; and
 - (ii) if the Authorised Person becomes aware of any circumstances which would warrant a re-classification of the Client, initiate the process with the Client to give that Client a more appropriate classification.

3. An Authorised Person cannot provide Regulated Activities to a Retail Client unless it has a Retail authorisation on its Financial Services Permission. However, such an Authorised Person may refer any Person who opts to be treated as a Retail Client to another Authorised Person with the appropriate Financial Services Permission.

2.6.2 Assessment of knowledge and experience

- (a) For the purpose of the analysis required to classify a Person as an "assessed" Professional Client, an Authorised Person must include, where applicable, consideration of the following matters:
 - (i) the Person's knowledge and understanding of the relevant financial markets, types of financial products or arrangements and the risks involved either generally or in relation to a proposed Transaction;
 - (ii) the length of time the Person has participated in relevant financial markets, the frequency of dealings and the extent to which the Person has relied on professional financial advice;
 - (iii) the size and nature of transactions that have been undertaken by, or on behalf of, the Person in relevant financial markets;
 - (iv) the Person's relevant qualifications relating to financial markets;
 - (v) the composition and size of the Person's existing financial investment portfolio;
 - (vi) in the case of credit or insurance transactions, relevant experience in relation to similar transactions to be able to understand the risks associated with such transactions; and
 - (vii) any other matters which the Authorised Person considers relevant.
- (b) Where the analysis is being carried out in respect of an Undertaking, the analysis must be applied to those individuals who are authorised to undertake transactions on behalf of the Undertaking.

2.6.3 Reliance on a classification made elsewhere

- (a) An Authorised Person may rely on a client classification made, if it is a Branch, by its head office or any other branch of the same legal entity, or if it is a member of a Group, by any other member of its Group, if it has reasonable grounds to believe that such a client classification is substantially similar to the client classification required under these Rules.
- (b) If any gaps are identified between the requirements applicable to the Authorised Person under these Rules and the requirements under which the client classification is carried out by such other entity, the Authorised Person may rely on such a client classification only if it has effectively addressed the identified gaps.

Guidance

1. Generally, an Authorised Person relying on this Rule should be able to demonstrate to the Regulator the due diligence process that it had undertaken to assess whether the client classification made by its head office or other branch of the same legal entity or a member of its Group substantially meets the client classification requirements in these Rules (e.g. documents verified and available) and, if any gaps are identified, how those gaps are effectively addressed.
2. If an Authorised Person wishes to use any client classification undertaken by any third party other than its head office or another branch of the same legal entity, or a member of its Group, such an arrangement is generally treated as an outsourcing arrangement. In such case, the Authorised Person would need to meet the requirements in GEN 3.3.32 relating to outsourcing.

2.6.4 Group clients

An Authorised Person that is a member of a Group and carries out one or more Regulated Activities where the Regulated Activities carried out by the Authorised Person form part of a bundle of Regulated Activities carried out for the benefit of that Client and its Group members must ensure that:

- (i) the client classification it adopts for any Regulated Activity carried on which involves the provision of a service to a Client is both consistent with the requirements in these Rules and appropriate for the overall bundle of Regulated Activities which involve the provision of services to a Client;
- (ii) the Client has a clear understanding of the arrangement under which Regulated Activities are carried out for the Client's benefit by the Authorised Person in conjunction with the other members of the Group; and
- (iii) any risks arising from such arrangements are identified and appropriately and effectively addressed.

Guidance

1. Different entities in a Group may have different arrangements under which they provide to their Clients one or more Regulated Activities. Such arrangements may involve, instead of each member within a Group carrying on a discrete stand-alone Regulated Activity, different members of the Group carrying on different aspects of the bundle of Regulated Activities carried on for the Client's benefit. An example is where a number of members within a Group provide discrete aspects of expertise that facilitate merger and acquisition activity of a Client. In such a situation, different members of the Group could prepare and provide:
 - (i) Advice relating to a proposed restructure;
 - (ii) Advice relating to financing of the restructure; and

- (iii) Arranging Credit for financing the restructure.
- 2. In order to provide flexibility for Authorised Persons which are members of a Group to provide such services to their Clients in a manner that suits the Client's needs and the nature of the service, this Rule 2.6.4 sets out the overarching objectives that must be achieved, rather than any detailed requirements.
- 3. Depending on the nature of the arrangement under which Group members choose to carry on Regulated Activities for the benefit of the same Client, and the nature of the Regulated Activities involved, the risks associated with such arrangements may vary. Some of the common risks that could arise, and therefore would need to be addressed, include:
 - (i) conflicting legal requirements applicable to the carrying on of the Regulated Activities, particularly if the members of the Group are located in different jurisdictions; and
 - (ii) a Client not being able to clearly identify the actual service provider or providers and resulting exposure to legal accountability to the Client that may arise for all members of the Group.
- 4. An Authorised Person must comply with, and must be able to demonstrate compliance with, the systems and controls requirements set out in GEN when relying on this Rule 2.6.4.

2.7 Record Keeping

- 2.7.1 In addition to any applicable rules under GEN relating to record keeping, and the remainder of these Rules, an Authorised Person must keep records of:
 - (a) the procedures which it has followed under these Rules, including any documents which evidence the Client's classification; and
 - (b) any notice sent to the Client pursuant to these Rules and evidence of despatch.
- 2.7.2 The records must be kept by an Authorised Person for at least six years from the date on which the business relationship with a Client has ended.
- 2.7.3 An Authorised Person may, if the date on which the business relationship with the Client ended is unclear, treat the date of the completion of the last Transaction with the Client as the date on which the business relationship ended.
- 2.7.4 An Authorised Person must ensure that in relation to reliance on a classification made elsewhere (Rule 2.6.3) and in relation to Group Clients (Rule 2.6.4), the Regulator has unrestricted access to all the records required for the Authorised Person to be able to demonstrate to the Regulator its compliance with the applicable requirements, including any records maintained by or at its head office or any other branch of the same legal entity, or a member of its Group.

2.7.5 An Authorised Person must notify the Regulator immediately if, for any reason, it is no longer able to provide unrestricted access to records.

3. CORE RULES – INVESTMENT BUSINESS, ACCEPTING DEPOSITS, PROVIDING CREDIT AND PROVIDING TRUST SERVICES

3.1 Application

3.1.1 This chapter applies to an Authorised Person which carries on or intends to carry on:

- (a) Investment Business;
- (b) Accepting Deposits;
- (c) Providing Credit; or
- (d) Providing Trust Services

except where it is expressly provided otherwise.

3.2 Communication of Information and Marketing Material

General

3.2.1 When communicating information to a Person in relation to a Specified Investment or Regulated Activity, an Authorised Person must take reasonable steps to ensure that the communication is clear, fair and not misleading.

Guidance

A communication addressed to a Professional Client may not need to include the same information, or be presented in the same way, as a communication addressed to a Retail Client.

3.2.2 An Authorised Person must not, in any form of communication with a Person, attempt to limit or avoid any duty or liability it may have to that Person or any other Person under the ADGM Founding Law or FSMR.

3.2.3 Where a Rule requires information to be sent to a Client, the Authorised Person must provide that information directly to the Client and not to another Person, unless it is on the written instructions of the Client.

Marketing Material

3.2.4 (a) An Authorised Person must ensure that any Marketing Material communicated to a Person contains the following information:

- (i) the name of the Authorised Person communicating the Marketing Material or, on whose behalf the Marketing Material is being communicated;

- (ii) the Authorised Person's regulatory status; and
 - (iii) if the Marketing Material is intended only for Professional Clients or Market Counterparties, a clear statement to that effect and that no other Person should act upon it.
- (b) Marketing Material includes any invitation or inducement to Engage in Investment Activity.
- (c) An Authorised Person which communicates Marketing Material must:
- (i) ensure that the Marketing Material complies with the applicable Rules and any legislation administered by the Regulator; and
 - (ii) not distribute such Marketing Material if it becomes aware that the Person offering to carry on the Regulated Activity or offering the Sepcified Investment to which the Material relates is in breach of the regulatory requirements that apply to that Person in relation to that Specified Investment or Regulated Activity.

3.2.5 An Authorised Person must take reasonable steps to ensure that:

- (a) any Marketing Material intended for Professional Clients or Market Counterparties is not sent or directed to any Persons who are not Professional Clients or Market Counterparties; and
- (b) no Person communicates or otherwise uses the Marketing Material on behalf of the Authorised Person in a manner that amounts to a breach of the requirements in this section.

Past Performance and Forecasts

3.2.6 An Authorised Person must ensure that any information or representation relating to past performance, or any future forecast based on past performance or other assumptions, which is provided to or targeted at Retail Clients:

- (a) presents a fair, balanced and up-to-date view of the Specified Investments or Regulated Activities to which the information or representation relates;
- (b) identifies, in an easy to understand manner, the source of information from which the past performance is derived and any key facts and assumptions used in that context are drawn;
- (c) contains comparable data for each year and at least 5 years' data where available; and
- (d) contains a prominent warning that past performance is not necessarily a reliable indicator of future results.

3.3 Key Information and Client Agreement

3.3.1 Application

The Rules in this section do not apply to an Authorised Person when it is:

- (a) carrying on a Regulated Activity where this involves provision of a service to a Client with or for a Market Counterparty;
- (b) Accepting Deposits;
- (c) Providing Credit;
- (d) carrying on an activity of the kind described in section 67 of Chapter 14 of Schedule 1 of FSMR that constitutes marketing; or
- (e) a Fund Manager of a Fund Offering the Units of a Fund it manages.

3.3.2 Requirements

- (a) Subject to Rule 3.3.2(b), an Authorised Person must not carry on a Regulated Activity where this involves provision of a service to a Client unless:
 - (i) there is a Client Agreement entered into between the Authorised Person and that Person containing the key information specified in Rule 12 which is entered into either between the Authorised Person and that Person or in accordance with the requirements in Rule 3.3.2(c); and
 - (ii) before entering into the Client Agreement with the Person, the Authorised Person has provided to that Person the key information referred to in Rule 12 in good time to enable him to make an informed decision relating to the relevant Regulated Activity.
- (b) An Authorised Person may carry on a Regulated Activity where this involves provision of a service to a Client without having to comply with the requirement in Rule 3.3.2(a);
 - (i) where it is, on reasonable grounds, impracticable to comply, in which case an Authorised Person carrying on the Regulated Activity must:
 - (A) first explain to the Person why it is impracticable to comply; and
 - (B) enter into a Client Agreement as soon as practicable thereafter.
 - (ii) where the Client has expressly agreed to dispense with the requirement in regard to a personal investment vehicle.
- (c) An Authorised Person may rely on a Client Agreement executed other than by the Authorised Person in the following circumstances:

- (i) An Authorised Person which is a Branch may rely on a Client Agreement executed by its head office or any other branch of the same legal entity if:
 - (A) the Client Agreement adequately and clearly applies to the Regulated Activities carried out the Branch; and
 - (B) the Authorised Person ensures that the Client Agreement is available to the Regulator on request.
- (ii) an Authorised Person may rely on a Client Agreement executed by a member of its Group if:
 - (A) it is carrying on a Regulated Activity where this involves provision of a service to a Client pursuant to Rule 2.6.4;
 - (B) the Client Agreement clearly sets out the Regulated Activity carried on where this involves provision of a service to a Client by the Authorised Person and that the Client's rights in respect of the carrying on of the Regulated Activity are enforceable against the Authorised Person; and
 - (C) the Authorised Person ensures that the Client Agreement is available to the Regulator on request.

3.3.3 Information

- (a) Rule 12 sets out the core information that must be included in every Client Agreement and additional disclosure for certain types of activities to which this chapter applies.
- (b) An Authorised Person may either provide a Person with a copy of the proposed Client Agreement, or give that information in a separate form. If there are any changes to the terms and conditions of the proposed agreement, the Authorised Person must ensure that the Client Agreement to be signed with the Person accurately incorporates those changes.
- (c) An Authorised Person may consider it is reasonably impracticable to provide the key information to a Person if that Person requests the Authorised Person to execute a Transaction on a time critical basis. Where an Authorised Person has explained why it is impracticable to comply with the requirement to enter into a Client Agreement orally, it must maintain records to demonstrate to the Regulator that it has provided that information to the Client.

3.3.4 Changes to the Client Agreement

If the Client Agreement provided to a Retail Client allows an Authorised Person to amend the Client Agreement without the Client's prior written consent, the Authorised Person must give at least fourteen days' notice to the Client before carrying on a Regulated Activity where this involves provision of a service to a Client on any amended terms, unless it is impracticable to do so.

3.4 Suitability

3.4.1 Application

The Rules in this section do not apply where the Authorised Person:

- (a) undertakes a Transaction with a Market Counterparty;
- (b) undertakes an Execution-Only Transaction;
- (c) undertakes the activities of Accepting Deposits or Providing Credit; or
- (d) carries on an activity of the kind described in section 67 of Chapter 14 of Schedule 1 of FSMR that constitutes marketing.

3.4.2 Suitability Assessment

- (a) Subject to Rule 3.4.2(b), an Authorised Person must not recommend to a Client a Specified Investment or the carrying on of a Regulated Activity where this involves provision of a service to a Client, or execute a Transaction on a discretionary basis for a Client, unless the Authorised Person has a reasonable basis for considering the recommendation or Transaction to be suitable for that particular Client. For this purpose, the Authorised Person must:
 - (i) undertake an appropriate assessment of the particular Client's needs, objectives, and financial situation, and also, to the extent relevant, risk tolerance, knowledge, experience and understanding of the risks involved; and
 - (ii) take into account any other relevant requirements and circumstances of the Client of which the Authorised Person is, or ought reasonably to be aware.
- (b) An Authorised Person may, subject to Rule 3.4.2(c), limit the extent to which it will consider suitability when making a recommendation to, or undertaking a Transaction on a discretionary basis for or on behalf of, a Professional Client if, prior to carrying on that activity, the Authorised Person:
 - (i) has given a written warning to the Professional Client in the form of a notice clearly stating either that the Authorised Person will not consider suitability, or will consider suitability only to the extent specified in the notice; and
 - (ii) the Professional Client has given his express consent, after a proper opportunity to consider the warning, by signing that notice.
- (c) Where an Authorised Person manages a Discretionary Portfolio Management Account for a Professional Client, it must ensure that the account remains suitable for the Professional Client or Market Counterparty, having regard to the matters specified in Rule 3.4.2(a)(i) and 3.4.2(a)(ii).

- (d) An Authorised Person Providing Trust Services does not have to undertake an assessment of the factors such as risk tolerance, knowledge and experience of a Client when assessing the suitability of the service to a particular Client.
- (e) The extent to which an Authorised Person needs to carry out a suitability assessment for a Professional Client depends on its agreement with such a Client. The agreement may limit the suitability assessment to a specified extent, or may dispense with the suitability assessment completely. To the extent a limited suitability assessment is agreed upon, the Authorised Person must carry out the suitability assessment as agreed. Limitations may, for example, relate to the objectives of the Client or the product range in respect of which the recommendations are to be made.

3.4.3 An Authorised Person must take reasonable steps to ensure the information it holds about a Client is accurate, complete and up to date.

3.5 Conflicts of Interest

3.5.1 Fair Treatment

3.5.2 Record of Conflicts

An Authorised Person must keep and regularly update a record of the kinds of service or activity carried out by or on behalf of that Authorised Person in which a conflict of interest entailing a material risk of damage to the interests of one or more Clients has arisen or, in the case of an ongoing service or activity, may arise.

3.5.3 Managing Conflicts

An Authorised Person must maintain and operate effective organisational and administrative arrangements with a view to taking all reasonable steps to prevent conflicts of interest from constituting or giving rise to a material risk of damage to the interests of its Clients, including establishing and maintaining effective information barriers to restrict the communication of relevant information.

3.5.4 Disclosure of Conflicts

- (a) If arrangements made by an Authorised Person under Rule 3.5.3 to manage conflicts of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of a Client will be prevented, the Authorised Person must clearly disclose the general nature and/or sources of conflicts of interest to the Client before undertaking business for the Client.
- (b) The disclosure must:
 - (i) be made in a durable medium; and

- (ii) include sufficient detail, taking into account the nature of the Client, to enable that Client to take an informed decision with respect to the service in the context of which the conflict of interest arises.

- (b) Where the Authorised Person is a member of a Group, the policy must also take into account any circumstances of which the Authorised Person is or should be aware, which may give rise to a conflict of interest arising as a result of the structure and business activities of other members of the Group.

3.5.6 If an Authorised Person is unable to prevent or manage a conflict or potential conflict of interest, it must decline to act for that Client.

3.5.7 Attribution of Knowledge

When a Rule applies to an Authorised Person that acts with knowledge, the Authorised Person will not be taken to act with knowledge for the purposes of that Rule as long as none of the relevant individuals involved for on behalf of the Authorised Person acts with that knowledge as a result of an information barrier arrangement.

In circumstances where an Authorised Person believes on reasonable grounds that the Client's interests are better served by a Person to whom the referral is to be made, any commission or other benefit which the Authorised Person or any of its Employees or Associates receives in respect of such a referral would not be a prohibited inducement under that Rule.
- (b) Subject to Rule 3.5.8(c), an Authorised Person must, before recommending a Specified Investment to, or Executing a Transaction for, a Retail Client, disclose to that Client any commission or other direct or indirect benefit which it, or any Associate or Employee of it, has received or may or will receive, in connection with or as a result of the Authorised Person making the recommendation or executing the Transaction.
- (c) An Authorised Person may provide the information required under Rule 3.5.8(b) in summary form, provided it informs the Client that more detailed information will be provided to the Client upon request and complies with such a request.

The Rules in this chapter apply to an Authorised Person when conducting Investment Business. The requirements in this chapter apply to an Authorised Person regardless of the classification of the Client, unless expressly provided otherwise.

6.4 Investment Research and Offers of Securities

6.4.1 Application

- (a) This section applies to an Authorised Person preparing or publishing Investment Research.

Guidance

1. Investment Research is seen as a significant potential source of conflicts of interest within an Authorised Person and therefore an Authorised Person preparing or publishing investment research is expected to have adequate procedures, systems and controls to manage effectively any conflicts that arise.
2. An Authorised Person that prepares and publishes Investment Research must have adequate procedures and controls to ensure:
 - (i) the effective supervision and management of Investment Analysts;
 - (ii) that the actual or potential conflicts of interest are proactively managed in accordance with Rule 3.5;
 - (iii) that the Investment Research issued to Clients is impartial; and
 - (iv) that the Investment Research contains the disclosures described under Rules 6.4.2 and 6.4.4.
3. An Authorised Person's procedures, controls and internal arrangements, which may include Information Barriers, should limit the extent of Investment Analysts' participation in Corporate Finance Business and sales and trading activities, and ensure remuneration structures do not affect their independence.

6.4.2 Disclosures in Investment Research

- (a) When an Authorised Person publishes Investment Research, it must take reasonable steps to ensure that the Investment Research:
 - (i) clearly identifies the types of Clients for whom it is principally intended;
 - (ii) distinguishes fact from opinion or estimates, and includes references to sources of data and any assumptions used;
 - (iii) specifies the date when it was first published;
 - (iv) specifies the period the ratings or recommendations are intended to cover;
 - (v) contains a clear and unambiguous explanation of the rating or recommendation system used;
 - (vi) includes a distribution of the different ratings or recommendations, in percentage terms:
 - (A) for all Investments;
 - (B) for Investments in each sector covered; and
 - (C) for Investments, if any, where the Authorised Person has undertaken Corporate Finance Business with or for the Issuer over the past twelve months; and
 - (vii) if intended for use only by a Professional Client or Market Counterparty, contains a clear warning that it should not be relied upon by or distributed to Retail Clients.
- (b) An Authorised Person must consider whether it would be appropriate to include a price chart or line graph depicting the performance of the Investment for the period that the Authorised Person has assigned a rating or recommendation for that investment, including any dates on which the ratings were revised.
- (c) For the purposes of this section, an Authorised Person must take reasonable steps to ensure that when it publishes Investment Research, and in the case where a representative of the Authorised Person makes a public appearance, disclosure is made of the following matters:
 - (i) any financial interest or material interest that the Investment Analyst or a Close Relative of the analyst has, which relates to the Investment;
 - (ii) the reporting lines for Investment Analysts and their remuneration arrangements where such matters give rise to any conflicts of interest which may reasonably be likely to impair the impartiality of the Investment Research;

- (iii) any shareholding by the Authorised Person or its Associate of 1% or more of the total issued share capital of the Issuer;
- (iv) if the Authorised Person or its Associate acts as corporate broker for the Issuer;
- (v) any material shareholding by the Issuer in the Authorised Person;
- (vi) any Corporate Finance Business undertaken by the Authorised Person with or for the Issuer over the past twelve months, and any future relevant Corporate Finance Business initiatives; and
- (vii) that the Authorised Person is a Market Maker in the Investment, if that is the case.

Guidance

The requirements in this Rule 6.4.2 apply to an Authorised Person in addition to other requirements under FSMR and any rules made thereunder. For example, an Authorised Person is required to take reasonable steps to identify actual or potential conflicts of interest and then prevent or manage them under GEN 3.3.21-3.3.24. An Authorised Person must also have adequate procedures and controls when it prepares or publishes Investment Research.

6.4.3 Restrictions on Publication

- (a) If an Authorised Person acts as a manager or co-manager of an initial public offering or a secondary offering, it must take reasonable steps to ensure that:
 - (i) it does not publish Investment Research relating to the Investment during a Quiet Period; and
 - (ii) an Investment Analyst from the Authorised Person does not make a public appearance relating to that Investment during a Quiet Period.
- (b) The same conflicts of interest mentioned in this section do not arise if an Investment Analyst prepares Investment Research solely for an Authorised Person's own use and not for publication. For example, if the research material is prepared solely for the purposes of the Authorised Person's proprietary trading then the use of this information would fall outside the restrictions placed on publications.

6.4.4 Restriction on Own Account Transactions

- (a) An Authorised Person or its Associate must not knowingly execute an Own Account Transaction in an Investment or related Investments, which is the subject of Investment Research, prepared either by the Authorised Person or its Associate, until the Clients for whom the Investment Research was principally intended have had a reasonable opportunity to act upon it.

- (b) The restriction in Rule 6.4.4(a) does not apply if:
 - (i) the Authorised Person or its Associate is a Market Maker in the relevant Investment;
 - (ii) the Authorised Person or its Associate undertakes an Execution-Only Transaction for a Client; or
 - (iii) it is not expected to materially affect the price of the Investment.

Guidance

The exceptions in Rule 6.4.4(b) allow an Authorised Person to continue to provide key services to the market and to its Clients even if the Authorised Person would be considered to have knowledge of the timing and content of the Investment Research which is intended for publication to Clients, for example when it is impractical for an Authorised Person to put in place an information barrier because the Authorised Person has few Employees or cannot otherwise separate its functions.

6.4.5 Offers of Securities

When an Authorised Person carries out a mandate to manage an Offer of Securities, it must implement adequate internal arrangements, in accordance with Rule 3.5, to manage any conflicts of interest that may arise as a result of the Authorised Person's duty to two distinct sets of Clients namely the corporate finance Client and the investment Client. An Authorised Person's primary duty in relation to the pricing of any Offer of or for Securities in the context of Corporate Finance Business is to its corporate finance Client.

6.4.6 Disclosure

- (a) When an Authorised Person accepts a mandate to manage an Offer, it must take reasonable steps to disclose to its corporate finance Client:
 - (i) the process the Authorised Person proposes to adopt in order to determine what recommendations it will make about allocations for the Offer;
 - (ii) details of how the target investor group, to whom it is planned to Offer the Securities, will be identified;
 - (iii) the process through which recommendations are prepared and by whom; and
 - (iv) (if relevant) that it may recommend placing Securities with a Client of the Authorised Person for whom the Authorised Person provides other services, with the Authorised Person's own proprietary book, or with an Associate, and that this represents a potential conflict of interest.

Guidance

It is the Regulator's expectation that an Authorised Person's procedures to identify and manage conflicts of interest should extend to the allocation process for an offering of Securities.

6.5 Best Execution

6.5.1 Application

- (a) The Rules in this section do not apply to an Authorised Person with respect to any Transaction which:
 - (i) it undertakes with a Market Counterparty;
 - (ii) it carries out for the purposes of managing a Fund of which it is the Fund Manager; or
 - (iii) is an Execution-Only Transaction.
- (b) Where an Authorised Person undertakes an Execution-Only Transaction with or for a Client, the Authorised Person is not relieved from providing best execution in respect of any aspect of that Transaction which lies outside the Client's specific instructions.

6.5.2 Providing Best Execution

- (a) When an Authorised Person agrees, or decides in the exercise of its discretion, to Execute any Transaction with or for a Client in an Investment, it must provide best execution.
- (b) An Authorised Person provides best execution if it takes reasonable care to determine the best execution available for that Investment under the prevailing market conditions and deals at a price and other conditions which are no less advantageous to that Client.

6.5.3 Requirements

In determining whether an Authorised Person has taken reasonable care to provide the best overall price for a Client in accordance with Rule 6.5.2 the Regulator will have regard to whether an Authorised Person has:

- (a) discounted any fees and charges previously disclosed to the Client;
- (b) not taken a Mark-up or Mark-down from the price at which it Executed the Transaction, unless this is disclosed to the Client; and
- (c) had regard to price competition or the availability of a range of price sources for the execution of its Clients' Transactions. In the case where the Authorised Person has access to prices of different Recognised Investment Exchanges or MTFs or OTFs or its

own available proprietary prices, it must Execute the Transaction at the best overall price available having considered other relevant factors.

6.5.4 If another Person is responsible for the execution of a Transaction, an Authorised Person may rely on that Person to provide best execution where that Person has undertaken to provide best execution in accordance with this section.

6.5.5 When determining best execution, an Authorised Person must consider the direct costs and indirect costs and the relevant order type and size, clearing and settlement arrangements and costs, margin costs, third-party fees and timing of a Client's order and its settlement that could affect decisions on when, where and how to trade.

6.6 Non-market Price Transactions

6.6.1 General Prohibition

Except in relation to:

- (a) a non-market price Transaction subject to the Rules of a Recognised Investment Exchange; or
- (b) Fund Investment Managers pursuing a strategy that involves the buying, selling or holding of securities that are not publicly listed or traded or readily saleable,

an Authorised Person must not enter into a non-market price Transaction in any capacity, with or for a Client, unless it has taken reasonable steps to ensure that the Transaction is not being entered into by the Client for an improper purpose.

6.6.2 Definition

- (a) A non-market price Transaction is a Transaction where the dealing rate or price paid by the Authorised Person or its Client differs from the prevailing market rate or price (after taking into account all costs) to a material extent or the Authorised Person or its Client gives materially more or less in value than it receives in return.
- (b) Authorised Persons must undertake transactions at the prevailing market price. Failure to do this may result in an Authorised Person participating, whether deliberately or unknowingly, in the concealment of a profit or loss, or in the perpetration of a fraud.

The Rules in this section do not apply to an Authorised Person with respect to any Transaction which:

- (c) the Authorised Person has made a record of the intended basis of allocation and the identity of each Client before the order is effected; and

6.7.3 **Allocation of Investments**

- (d) The effect of this Rule 6.8.1 is that an Authorised Person may conduct business over a mobile phone or other handheld electronic communication device but only if the Authorised Person is able to record such communications. Further, mere transmission of instructions by front office personnel to back office personnel within an Authorised Person would not ordinarily be subject to this Rule.

Guidance

The effect of Rule 5.8.1(b)(iv) is to exclude from Rule 5.8.1(a) conversations or communications made by Investment Analysts, retail financial advisers, and persons carrying on back office functions.

6.8.2 Records of Orders and Transactions

 - (iii) the payment to Clients or to insurers of monies due under Insurance Intermediation Business transactions;
 - (iv) the payment of all monies payable by the Authorised Person in respect of the acquisition of or otherwise in connection with Approved Assets;
 - (v) the withdrawal of brokerage, management fees and other income related to Insurance Intermediation Business, either in cash or by way of transfer to an account in the name of the Intermediary which is not an Insurance Bank Account, provided that no such sum may be withdrawn from the Insurance Bank Account before the time at which that amount may be brought into account as income of the Insurance Intermediary;
 - (vi) the withdrawal of monies paid into the Insurance Bank Account in error; and
 - (vii) the withdrawal of any monies credited to the Insurance Bank Account in excess of those required by any conditions and requirements prescribed by the Regulator;
- (f) ensure that any amount held in the Insurance Bank Account or other Approved Assets, together with any amount due and recoverable from insurance debtors, is equal to, or greater than the amount due to insurance creditors; and

- (g) take immediate steps to restore the required position if at any time it becomes aware of any deficiency in the required segregated amount.
- 7.11.7 An Insurance Intermediary or Insurance Manager may not obtain a loan or overdraft for any purpose relating to an Insurance Bank Account unless that advance:
- (a) is on a bank account which is designated as an Insurance Bank Account, and the loan or overdraft is used for payment to Clients or to insurers of monies due under Insurance Intermediation transactions;
 - (b) does not give rise to a breach of the requirements of Rule 7.11.6(e); and
 - (c) is of a temporary nature and is repaid as soon as reasonably practicable.
- 7.11.8 An Insurance Intermediary or Insurance Manager must hold Insurance Monies either in an Insurance Bank Account or in Approved Assets.
- 7.11.9 An Insurance Intermediary must ensure that Approved Assets are:
- (a) registered in the name of the Insurance Intermediary or Insurance Manager and designated "Insurance Bank Account"; or
 - (b) held for the Insurance Bank Account of the Insurance Intermediary or Insurance Manager at the bank at which such Insurance Bank Account is held.
- 7.11.10 An Insurance Intermediary or Insurance Manager must ensure that monies, other than interest, arising from Approved Assets or their realisation, sale or disposal are paid into an Insurance Bank Account.
- 7.11.11 An Insurance Intermediary or Insurance Manager may not hold Insurance Monies in Approved Assets until it has given written notice to and received written notice from the bank referred to in Rule 7.11.9(b) that the bank is not entitled to any charge, encumbrance, lien, right of set-off, compensation or retention against Approved Assets held for the Insurance Intermediary's or Insurance Manager's Insurance Bank Account.
- 7.11.12 An Insurance Intermediary or Insurance Manager may only use Approved Assets as security for a loan or overdraft where that loan or overdraft is for a purpose relating to an Insurance Bank Account as permitted by Rule 7.11.7.
- 7.11.13 Where Insurance Monies are held in Approved Assets whose rating drops below the minimum stipulated within the definitions, that investment or asset will cease to be an Approved Asset and the Insurance Intermediary or Insurance Manager must dispose of the investment or asset as soon as possible and no later than within thirty days of the rating change.
- 7.11.14 An Insurance Intermediary or Insurance Manager may not use derivatives in the management of Insurance Monies except for the prudent management of risks.
- 7.11.15 An Insurance Intermediary who has a credit balance for a Client who cannot be traced must not take credit for such an amount except where:

- (a) he has taken reasonable steps to trace the Client and to inform him that he is entitled to the money;
- (b) at least six years has passed from the date the credit was initially notified to the Client; and
- (c) Rule 7.11.6(f) will continue to be satisfied after the withdrawal of such money.

7.11.16 An Insurance Intermediary must keep records of all sums withdrawn from the Insurance Bank Account or realised Approved Assets as a result of credit taken under Rule 7.11.15 for at least six years from the date of withdrawal or realisation.

8. ADDITIONAL RULES: OPERATING AN MTF OR OTF

8.1 Application and interpretation

8.1.1 This chapter applies to an Authorised Person which Operates a Multilateral Trading Facility ("MTF") or an Organised Trading Facility ("OTF").

8.2 Rules Applicable to MTF and OTF Operators – General

8.2.1 In addition to the general requirements applicable to Authorised Persons in COBS, GEN and elsewhere in the Rules, an Authorised Person carrying on the Regulated Activity of Operating an MTF (an "MTF Operator") or an Authorised Person carrying on the Regulated Activity of Operating an OTF (an "OTF Operator")_must comply with the following requirements applicable to a Recognised Body or Recognised Investment Exchange set out in the MIR rulebook, reading references to Recognised Bodies or Recognised Investment Exchanges in the relevant rules as if they were references to the MTF Operator or OTF Operator:

- (a) MIR 2.6 (*Operational systems and controls*);
- (b) MIR 2.7.1 and 2.7.2 (*Transaction recording*);
- (c) MIR 2.8 (*Membership criteria and access*);
- (d) MIR 2.9 (*Financial crime and market abuse*);
- (e) MIR 2.11 (*Rules and consultation*);
- (f) MIR 3.3 (*Fair and orderly trading*);
- (g) MIR 3.7 (*Public disclosure*);
- (h) MIR 3.8 (*Settlement and Clearing facilitation services*);
- (i) MIR 3.10 (*Default Rules*).

Guidance

In assessing whether an MTF Operator or OTF Operator complies with the requirements set out above, the Regulator will take into account the general principle that users of an MTF or OTF anticipate less comprehensive regulatory protections.

8.3 Rules Applicable to MTF and OTF Operators – Transparency

8.3.1 An MTF Operator or OTF Operator must disclose to its Members and the public as appropriate, on a continuous basis during normal trading, the following information relating to trading of Investments on its MTF or OTF:

- (i) the current bid and offer prices and volume;
 - (ii) the depth of trading interest shown at the prices and volumes advertised through its systems for the Investments; and
 - (iii) any other information relating to Investments which would promote transparency relating to trading.
- (b) The Regulator may waive or modify the disclosure requirement in Rule 0 in relation to certain transactions where the order size is predetermined, exceeds a pre-set and published threshold level and the details of the exemption are made available to an MTF Operator or OTF Operator's Members and the public.
- (c) In assessing whether an exemption from pre-trade disclosure should be allowed, the Regulator will take into account factors such as:
- (i) the level of order threshold compared with normal market size for the Investment;
 - (ii) the impact such an exemption would have on price discovery, fragmentation, fairness and overall market quality;
 - (iii) whether there is sufficient transparency relating to trades executed without pre-trade disclosure (as a result of orders executed on execution platforms without pre-trade transparency), whether or not they are entered in transparent markets;
 - (iv) whether the MTF Operator or OTF Operator supports transparent orders by giving priority to transparent orders over dark orders, for example, by executing such orders at the same price as transparent orders; and
 - (v) whether there is adequate disclosure of details relating to dark orders available to members and other participants on the Facility to enable them to understand the manner in which their orders will be handled and executed on the Facility.

- (d) When making disclosure, an MTF Operator or OTF Operator must adopt a technical mechanism by which the public can differentiate between transactions that have been transacted in the central order book and transactions that have been reported to the Facility as off-order book transactions. Any transactions that have been cancelled pursuant to its rules must also be identifiable.
- (e) An MTF Operator or OTF Operator must use appropriate mechanisms to enable pre-trade information to be made available to the public in an easy to access and uninterrupted manner at least during business hours. An MTF Operator or OTF Operator may charge a reasonable fee for the information which it makes available to the public.

8.3.2 MTF Operator or OTF Operator must disclose the price, volume and time of the transactions executed in respect of Investments to the public as close to real-time as is technically possible on reasonable commercial terms and on a non-discretionary basis. An MTF Operator or OTF Operator must use adequate mechanisms to enable post-trade information to be made available to the public in an easy to access and uninterrupted manner at least during business hours. An MTF Operator or OTF Operator may charge a reasonable fee for the information which it makes available to the public.

8.4 Rules Applicable to MTF and OTF Operators and rules on Liquidity providers.

8.4.1 An MTF Operator or OTF Operator must not introduce a liquidity incentive scheme unless

- (a) participation of such a scheme is limited to members or any other Persons where:
 - (i) the MTF Operator or OTF Operator has undertaken due diligence to ensure that the Person is of sufficient good repute and has adequate competencies and organisational arrangements; and
 - (ii) the Person has agreed in writing to comply with the MTF Operator or OTF Operator's operating rules so far as those rules are applicable to that Person's activities; and
- (b) the MTF Operator or OTF Operator has obtained the prior approval of the Regulator.

8.4.2 For the purposes of this section, a "liquidity incentive scheme" means an arrangement designed to provide liquidity to the market in relation to Investments traded on the MTF or OTF.

8.4.3 Where an MTF Operator or OTF Operator proposes to introduce or amend a liquidity incentive scheme, it must lodge with the Regulator, at least ten days before the date by which it expects to obtain the Regulator approval, a statement setting out:

- (a) the details of the relevant scheme, including benefits to the MTF or OTF and members arising from that scheme; and
- (b) the date on which the scheme is intended to become operative.

8.4.4 The Regulator must within ten days of receiving the notification referred to in 8.4.3, approve a proposed liquidity incentive scheme unless it has reasonable grounds to believe that the introduction of the scheme would be detrimental to the MTF or OTF or to markets in general. Where the Regulator does not approve the proposed liquidity incentive scheme, it must notify the MTF Operator or OTF Operator of its objections to the introduction of the proposed liquidity incentive scheme, and its reasons for that decision.

8.4.5 An MTF Operator or OTF Operator must sufficiently prior to launch, to enable any interested parties to participate in it, announce the introduction of the liquidity incentive scheme, specify the date on which the scheme becomes operative and the contracts to which it relates.

8.4.6 MTF and OTF Operators must also comply with the requirements set out in MIR 3.4.

8.5 Rules Applicable to MTF Operators

8.5.1 The following rules shall not apply to MTF Operators in respect of transactions concluded under the rules governing an MTF between its members or participants or between the MTF and its members or participants in relation to the use of the MTF, except that members of or participants in the MTF shall comply with such obligations with respect to their Clients when, acting on behalf of their Clients, they execute their orders through the systems of an MTF as stated in the following provisions:

- (a) Rule 3.4 (*Suitability*);
- (b) Rule 6.5 (*Best Execution*);
- (c) Rule 6.7 (*Aggregation and Allocation*); and
- (d) Rule 12 (*Key Information and Client Agreement*).

8.5.2 MTF Operators may not execute Client orders against proprietary capital, or engage in matched principal trading.

8.6 Rules Applicable to OTF Operators

8.6.1 An OTF Operator may engage in matched principal trading in bonds, structured finance products, and other derivatives specified by the Regulator only where the Client has consented to the process.

8.6.2 An OTF Operator shall not use matched principal trading to execute Client orders in an OTF in derivatives pertaining to a class of derivatives that has been declared subject to the Clearing obligation in accordance with the Regulations.

8.6.3 OTF Operators may engage in dealing on own account other than matched principal trading only with regard to sovereign debt instruments for which there is not a liquid market.

8.6.4 OTF Operators may engage another Authorised Person to carry out market making on that OTF on an independent basis, provided that such other Authorised Person does not have Close Links with the OTF Operator.

- 8.6.5 Execution of orders on an OTF must be carried out on a discretionary basis.
- 8.6.6 An OTF Operator shall exercise discretion only in the following circumstances:
- (a) when deciding to place or retract an order on the OTF they operate; and/or
 - (b) when deciding not to match a specific Client order with other orders available in the systems at a given time, provided it is in compliance with specific instructions received from a Client and with its "best execution" obligations in accordance with these Rules.
- 8.6.7 With a system that crosses Client orders, the OTF Operator may decide if, when and how much of two or more orders it wants to match within the system. With regard to a system that arranges transactions in non-equities, the OTF Operator may facilitate negotiation between Clients so as to bring together two or more potentially compatible trading interests in a transaction.
- 8.6.8 OTF Operators shall, on request, provide the Regulator with a detailed explanation why the system does not correspond to and cannot operate as a Recognised Investment Exchange or MTF, a detailed description as to how discretion will be exercised, in particular when an order to the OTF may be retracted and when and how two or more Client orders will be matched within the OTF. In addition, the OTF Operator shall provide the Regulator with information explaining its use of matched principal trading.
- 8.6.9 OTF Operators must also comply with the requirements relating to financial crime and market abuse, and fair and orderly trading in MIR 2.9 and MIR 3.3 respectively.

9. CORE RULES – OPERATING A CREDIT RATING AGENCY

9.1 Application

- 9.1.1 This chapter applies to every Person who carries on, or intends to carry on, the Regulated Activity of Operating a Credit Rating Agency in or from the Abu Dhabi Global Market.
- 9.1.2 For the purposes of this chapter:
- (a) a Regulated Activity of Operating a Credit Rating Agency means undertaking one or more activities that involve data and information analysis relating to a Credit Rating or the evaluation, approval, issue or review of a credit rating;
 - (b) a Credit Rating is an opinion expressed using an established and defined ranking system of rating categories regarding the creditworthiness of a Rating Subject;
 - (c) a Rating Subject means a Person other than a natural person, a credit commitment or a debt or debt-like instrument; and
 - (d) where a reference is made to a Rating Subject which is a credit commitment, a debt or a debt-like Investment, that reference is to be read, where the context requires, as a reference to the Person responsible for obtaining the Credit Rating.

- 9.1.3 This chapter contains the specific conduct requirements that apply to Persons carrying on the Regulated Activity of Operating a Credit Rating Agency.

Guidance

1. Not all Rating Subjects are bodies corporate. For example, Credit Ratings can be provided in respect of a credit commitment given by a Person, or a debt or debt-like Investment. In such instances, where a Rule in this chapter requires the Rating Subject to carry out some activity, such a reference is to be read as a reference to the Person who is responsible for obtaining the Credit Rating. Such a Person would generally be the originator, arranger or Sponsor of the relevant financial product which is being rated. The Credit Rating Agency should clearly identify the Person responsible for a Rating Subject before proceeding with its Credit Rating Activities relating to that Rating Subject.
2. However, there is no restriction against more than one Person being identified as Persons responsible for obtaining a Credit Rating relating to a Rating Subject. In such cases, a Credit Rating Agency should clearly identify those Persons as responsible Persons relating to the relevant Rating Subject.

9.2 Quality of the rating process

- 9.2.1 A Credit Rating Agency must adopt, implement and enforce written procedures to ensure that the opinions it disseminates are based on a thorough analysis of all information known to the Credit Rating Agency that is relevant to its analysis according to the Credit Rating Agency's published rating methodology.
- 9.2.2 A Credit Rating Agency must use rating methodologies that are rigorous, systematic, and, where possible, result in ratings that can be subjected to some form of objective validation based on historical experience.
- 9.2.3 In assessing an issuer's creditworthiness, analysts involved in the preparation or review of any rating action must use methodologies established by the Credit Rating Agency. Analysts must apply a given methodology in a consistent manner, as determined by the Credit Rating Agency.
- 9.2.4 Credit ratings must be assigned by the Credit Rating Agency and not by any individual analyst employed by the Credit Rating Agency; ratings must reflect all information known, and believed to be relevant, to the Credit Rating Agency, consistent with its published methodology; and the Credit Rating Agency must use people who, individually or collectively (particularly where rating committees are used) have appropriate knowledge and experience in developing a rating opinion for the type of credit being applied.
- 9.2.5 A Credit Rating Agency and its analysts must take steps to avoid issuing any credit analyses or reports that contain misrepresentations or are otherwise misleading as to the general creditworthiness of an issuer or obligation.
- 9.2.6 A Credit Rating Agency must ensure that it has and devotes sufficient resources to carry out high-quality credit assessments of all obligations and issuers it rates. When deciding whether to rate or continue rating an obligation or issuer, it must assess whether it is able to devote

sufficient personnel with sufficient skill sets to make a proper rating assessment, and whether its personnel likely will have access to sufficient information needed in order to make such an assessment. A Credit Rating Agency must adopt reasonable measures so that the information it uses in assigning a rating is of sufficient quality to support a credible rating. If the rating involves a type of financial product presenting limited historical data (such as an innovative financial vehicle), the Credit Rating Agency must make clear, in a prominent place, the limitations of the rating.

- 9.2.7 A Credit Rating Agency must establish a review function made up of one or more senior managers with appropriate experience to review the feasibility of providing a credit rating for a type of structure that is materially different from the structures the Credit Rating Agency currently rates.
- 9.2.8 A Credit Rating Agency must establish and implement a rigorous and formal review function responsible for periodically reviewing the methodologies and models and significant changes to the methodologies and models it uses. Where feasible and appropriate for the size and scope of its credit rating services, this function must be independent of the business lines that are principally responsible for rating various classes of issuers and obligations.
- 9.2.9 A Credit Rating Agency must assess whether existing methodologies and models for determining credit ratings of structured products are appropriate when the risk characteristics of the assets underlying a structured product change materially. In cases where the complexity or structure of a new type of structured product or the lack of robust data about the assets underlying the structured product raise serious questions as to whether the Credit Rating Agency can determine a credible credit rating for the security, the Credit Rating Agency must refrain from issuing a credit rating.
- 9.2.10 A Credit Rating Agency must structure its rating teams to promote continuity and avoid bias in the rating process.

9.3 Application to Groups and Branches

- 9.3.1 Where a Credit Rating Agency is a member of a Group, the Credit Rating Agency may rely on the policies, procedures and controls adopted at the group-wide level. Where this is the case, the Credit Rating Agency must ensure that the group-wide policies, procedures and controls are consistent with the requirements applicable to it and do not constrain its ability to comply with the applicable requirements in the Abu Dhabi Global Market.
- 9.3.2 In the case of Branch operations, the Regulator will grant an authorisation to carry on the Regulated Activity of Operating a Credit Rating Agency only where it is satisfied with the adequacy of the home jurisdiction regulation of the relevant legal entity.

9.4 Monitoring and Updating

- 9.4.1 A Credit Rating Agency must ensure that adequate personnel and financial resources are allocated to monitoring and updating its ratings. Except for ratings that clearly indicate they do not entail ongoing surveillance, once a rating is published the Credit Rating Agency must monitor on an ongoing basis and update the rating by:

- (a) regularly reviewing the issuer's creditworthiness;
- (b) initiating a review of the status of the rating upon becoming aware of any information that might reasonably be expected to result in a rating action (including termination of a rating), consistent with the applicable rating methodology; and
- (c) updating on a timely basis the rating, as appropriate, based on the results of such review.

Subsequent monitoring must incorporate all cumulative experience obtained. Changes in ratings criteria and assumptions must be applied where appropriate to both initial ratings and subsequent ratings.

9.4.2 If a Credit Rating Agency uses separate analytical teams for determining initial ratings and for subsequent monitoring of structured finance products, each team must have the requisite level of expertise and resources to perform their respective functions in a timely manner.

9.4.3 Where a Credit Rating Agency makes its ratings available to the public, the Credit Rating Agency must publicly announce if it discontinues rating an issuer or obligation. Where a Credit Rating Agency's ratings are provided only to its subscribers, the Credit Rating Agency must announce to its subscribers if it discontinues rating an issuer or obligation. In both cases, continuing publications by the Credit Rating Agency of the discontinued rating must indicate the date the rating was last updated and the fact that the rating is no longer being updated.

9.5 Integrity of the Rating Process

9.5.1 A Credit Rating Agency and its employees must comply with all applicable laws and regulations governing its activities in each jurisdiction in which it operates.

9.5.2 A Credit Rating Agency and its employees must deal fairly and honestly with issuers, investors, other market participants, and the public.

9.5.3 A Credit Rating Agency's analysts must be held to high standards of integrity, and a Credit Rating Agency must not employ individuals with demonstrably compromised integrity.

9.5.4 A Credit Rating Agency and its employees must not, either implicitly or explicitly, give any assurance or guarantee of a particular rating prior to a rating assessment. This does not preclude a Credit Rating Agency from developing prospective assessments used in structured finance and similar transactions.

9.5.5 A Credit Rating Agency must prohibit its analysts from making proposals or recommendations regarding the design of structured finance products that a Credit Rating Agency rates.

9.5.6 A Credit Rating Agency must institute policies and procedures that clearly specify a person responsible for a Credit Rating Agency's and its employees' compliance with the provisions of a Credit Rating Agency's code of conduct and with applicable laws and regulations. This person's reporting lines and compensation must be independent of a Credit Rating Agency's rating operations.

- 9.5.7 Upon becoming aware that another employee or entity under common control with the Credit Rating Agency is or has engaged in conduct that is illegal, unethical or contrary to the Credit Rating Agency's code of conduct, a Credit Rating Agency employee must report such information immediately to the individual in charge of compliance or an officer of the Credit Rating Agency, as appropriate, so proper action may be taken.

Guidance

A Credit Rating Agency's employees are expected to report the activities that a reasonable person would question. Any Credit Rating Agency officer who receives such a report from a Credit Rating Agency employee is obligated to take appropriate action, as determined by applicable laws and regulations and the rules and guidelines set forth by the Credit Rating Agency Credit Rating. Agency management must prohibit retaliation by other Credit Rating Agency staff or by the Credit Rating Agency itself against any employees who, in good faith, make such reports.

9.6 Credit Rating Agency Independence – General

- 9.6.1 A Credit Rating Agency must not forbear or refrain from taking a rating action based on the potential effect (economic, political, or otherwise) of the action on the Credit Rating Agency, an issuer, an investor, or other market participant.
- 9.6.2 A Credit Rating Agency and its analysts must use care and professional judgment to maintain both the substance and appearance of independence and objectivity.
- 9.6.3 The determination of a credit rating must be influenced only by factors relevant to the credit assessment.
- 9.6.4 The credit rating a Credit Rating Agency assigns to an issuer or security must not be affected by the existence of or potential for a business relationship between the Credit Rating Agency (or its affiliates) and the issuer (or its affiliates) or any other party, or the non-existence of such a relationship.
- 9.6.5 A Credit Rating Agency must separate, operationally and legally, its credit rating business and Credit Rating Agency analysts from any other businesses of the Credit Rating Agency, including consulting businesses that may present a conflict of interest. A Credit Rating Agency must ensure that ancillary business operations which do not necessarily present conflicts of interest with the Credit Rating Agency's rating business have in place procedures and mechanisms designed to minimize the likelihood that conflicts of interest will arise. A Credit Rating Agency must also define what it considers, and does not consider, to be an ancillary business and why.

9.7 Credit Rating Agency Independence – Procedures and Policies

- 9.7.1 A Credit Rating Agency must adopt written internal procedures and mechanisms to (a) identify, and (b) eliminate, or manage and disclose, as appropriate, any actual or potential conflicts of interest that may influence the opinions and analyses a Credit Rating Agency makes or the judgment and analyses of the individuals a Credit Rating Agency employs who have an influence on ratings decisions. A Credit Rating Agency's code of conduct must also

state that the Credit Rating Agency will disclose such conflict avoidance and management measures.

9.7.2 A Credit Rating Agency's disclosures of actual and potential conflicts of interest must be complete, timely, clear, concise, specific and prominent.

9.7.3 A Credit Rating Agency must disclose the general nature of its compensation arrangements with rated entities.

(a) Where a Credit Rating Agency receives from a rated entity compensation unrelated to its ratings service, such as compensation for consulting services, a Credit Rating Agency must disclose the proportion such non-rating fees constitute against the fees the Credit Rating Agency receives from the entity for ratings services.

(b) A Credit Rating Agency must disclose if it receives 10% or more of its annual revenue from a single issuer, originator, arranger, client or subscriber (including any affiliates of that issuer, originator, arranger, client or subscriber).

(c) Credit Rating Agencies must encourage structured finance issuers and originators of structured finance products to publicly disclose all relevant information regarding these products so that investors and other Credit Rating Agencies can conduct their own analyses independently of the Credit Rating Agency contracted by the issuers and/or originators to provide a rating. A Credit Rating Agency must disclose in its rating announcements whether the issuer of a structured finance product has informed it that it is publicly disclosing all relevant information about the product being rated or if the information remains non-public.

9.7.4 A Credit Rating Agency and its employees must not engage in any securities or derivatives trading presenting conflicts of interest with the Credit Rating Agency's rating activities.

9.7.5 In instances where rated entities have, or are simultaneously pursuing, oversight functions related to the Credit Rating Agency, the Credit Rating Agency must use different employees to conduct its rating actions than those employees involved in its oversight issues.

9.8 Analyst and Employee Independence

9.8.1 Reporting lines for Credit Rating Agency employees and their compensation arrangements must be structured to eliminate or effectively manage actual and potential conflicts of interest.

(a) A Credit Rating Agency's code of conduct must state that a Credit Rating Agency analyst will not be compensated or evaluated on the basis of the amount of revenue that the Credit Rating Agency derives from issuers that the analyst rates or with which the analyst regularly interacts.

(b) A Credit Rating Agency must conduct formal and periodic reviews of compensation policies and practices for Credit Rating Agency analysts and other employees who participate in or who might otherwise have an effect on the rating process to ensure

that these policies and practices do not compromise the objectivity of the Credit Rating Agency's rating process.

- 9.8.2 A Credit Rating Agency must not have employees who are directly involved in the rating process initiate, or participate in, discussions regarding fees or payments with any entity they rate.
- 9.8.3 No Credit Rating Agency employee may participate in or otherwise influence the determination of the Credit Rating Agency's rating of any particular entity or obligation if the employee:
- (a) owns securities or derivatives of the rated entity, other than holdings in diversified collective investment schemes;
 - (b) owns securities or derivatives of any entity related to a rated entity, the ownership of which may cause or may be perceived as causing a conflict of interest, other than holdings in diversified collective investment schemes;
 - (c) has had a recent employment or other significant business relationship with the rated entity that may cause or may be perceived as causing a conflict of interest;
 - (d) has an immediate relation (i.e., a spouse, partner, parent, child, or sibling) who currently works for the rated entity; or
 - (e) has, or had, any other relationship with the rated entity or any related entity thereof that may cause or may be perceived as causing a conflict of interest.
- 9.8.4 A Credit Rating Agency's analysts and anyone involved in the rating process (or their spouse, partner or minor children) must not buy or sell or engage in any transaction in any security or derivative based on a security issued, guaranteed, or otherwise supported by any entity within such analyst's area of primary analytical responsibility, other than holdings in diversified collective investment schemes.
- 9.8.5 Credit Rating Agency employees must be prohibited from soliciting money, gifts or favours from anyone with whom the Credit Rating Agency does business and must be prohibited from accepting gifts offered in the form of cash or any gifts exceeding [▪].
- 9.8.6 Any Credit Rating Agency analyst who becomes involved in any personal relationship that creates the potential for any real or apparent conflict of interest (including, for example, any personal relationship with an employee of a rated entity or agent of such entity within his or her area of analytic responsibility), must disclose such relationship to the appropriate manager or officer of the Credit Rating Agency, as determined by the Credit Rating Agency's compliance policies.
- 9.8.7 A Credit Rating Agency must establish policies and procedures for reviewing the past work of analysts that leave the employ of the Credit Rating Agency and join an issuer the Credit Rating Agency analyst has been involved in rating, or a financial firm with which the Credit Rating Agency analyst has had significant dealings as part of his or her duties at the Credit Rating Agency.

9.9 Transparency and Timeliness of Ratings Disclosure

- 9.9.1 A Credit Rating Agency must distribute in a timely manner its ratings decisions regarding the entities and securities it rates.
- 9.9.2 A Credit Rating Agency must publicly disclose its policies for distributing ratings, reports and updates.
- 9.9.3 A Credit Rating Agency must indicate with each of its ratings when the rating was last updated. Each rating announcement must also indicate the principal methodology or methodology version that was used in determining the rating and where a description of that methodology can be found. Where the rating is based on more than one methodology, or where a review of only the principal methodology might cause investors to overlook other important aspects of the rating, the Credit Rating Agency must explain this fact in the ratings announcement, and indicate where a discussion of how the different methodologies and other important aspects factored into the rating decision.
- 9.9.4 Except for "private ratings" provided only to the issuer, the Credit Rating Agency must disclose to the public, on a non-selective basis and free of charge, any rating regarding publicly issued securities, or public issuers themselves, as well as any subsequent decisions to discontinue such a rating, if the rating action is based in whole or in part on material non-public information.
- 9.9.5 A Credit Rating Agency must publish sufficient information about its procedures, methodologies and assumptions (including financial statement adjustments that deviate materially from those contained in the issuer's published financial statements and a description of the rating committee process, if applicable) so that outside parties can understand how a rating was arrived at by the Credit Rating Agency. This information will include (but not be limited to) the meaning of each rating category and the definition of default or recovery, and the time horizon the Credit Rating Agency used when making a rating decision.
- (a) Where a Credit Rating Agency rates a structured finance product, it must provide investors and/or subscribers (depending on the Credit Rating Agency's business model) with sufficient information about its loss and cash-flow analysis so that an investor allowed to invest in the product can understand the basis for the Credit Rating Agency's rating. A Credit Rating Agency must also disclose the degree to which it analyses how sensitive a rating of a structured finance product is to changes in the Credit Rating Agency's underlying rating assumptions.
 - (b) A Credit Rating Agency must differentiate ratings of structured finance products from traditional corporate bond ratings, preferably through a different rating symbology. A Credit Rating Agency must also disclose how this differentiation functions. A Credit Rating Agency must clearly define a given rating symbol and apply it in a consistent manner for all types of securities to which that symbol is assigned.
 - (c) A Credit Rating Agency must assist investors in developing a greater understanding of what a credit rating is, and the limits to which credit ratings can be put to use vis-à-vis

a particular type of financial product that the Credit Rating Agency rates. A Credit Rating Agency must clearly indicate the attributes and limitations of each credit opinion, and the limits to which the Credit Rating Agency verifies information provided to it by the issuer or originator of a rated security.

- 9.9.6 When issuing or revising a rating, the Credit Rating Agency must explain in its press releases and reports the key elements underlying the rating opinion.
- 9.9.7 Where feasible and appropriate, prior to issuing or revising a rating, the Credit Rating Agency must inform the issuer of the critical information and principal considerations upon which a rating will be based and afford the issuer an opportunity to clarify any likely factual misperceptions or other matters that the Credit Rating Agency would wish to be made aware of in order to produce an accurate rating. A Credit Rating Agency will duly evaluate the response. Where in particular circumstances the Credit Rating Agency has not informed the issuer prior to issuing or revising a rating, the Credit Rating Agency must inform the issuer as soon as practical thereafter and explain the reason for the delay.
- 9.9.8 In order to promote transparency and to enable the market to best judge the performance of the ratings, the Credit Rating Agency, where possible, must publish sufficient information about the historical default rates of Credit Rating Agency rating categories and whether the default rates of these categories have changed over time, so that interested parties can understand the historical performance of each category and if and how rating categories have changed, and be able to draw quality comparisons among ratings given by different Credit Rating Agencies. If the nature of the rating or other circumstances make a historical default rate inappropriate, statistically invalid, or otherwise likely to mislead the users of the rating, the Credit Rating Agency must explain this. This information must include verifiable, quantifiable historical information about the performance of its rating opinions, organized and structured, and, where possible, standardized in such a way to assist investors in drawing performance comparisons between different Credit Rating Agencies.
- 9.9.9 For each rating, the Credit Rating Agency must disclose whether the issuer participated in the rating process. Each rating not initiated at the request of the issuer must be identified as such. A Credit Rating Agency must also disclose its policies and procedures regarding unsolicited ratings. As users of credit ratings rely on an existing awareness of Credit Rating Agency methodologies, practices, procedures and processes, the Credit Rating Agency must fully and publicly disclose any material modification to its methodologies and significant practices, procedures, and processes. Where feasible and appropriate, disclosure of such material modifications must be made prior to becoming effective. A Credit Rating Agency must carefully consider the various uses of credit ratings before modifying its methodologies, practices, procedures and processes.

9.10 Confidential Information

- 9.10.1 A Credit Rating Agency must adopt procedures and mechanisms to protect the confidential nature of information shared with them by issuers under the terms of a confidentiality agreement or otherwise under a mutual understanding that the information is shared confidentially. Unless otherwise permitted by the confidentiality agreement and consistent with applicable laws or regulations, the Credit Rating Agency and its employees must not

disclose confidential information in press releases, through research conferences, to future employers, or in conversations with investors, other issuers, other persons, or otherwise.

- 9.10.2 A Credit Rating Agency must use confidential information only for purposes related to its rating activities or otherwise in accordance with any confidentiality agreements with the issuer.
- 9.10.3 Credit Rating Agency employees must take all reasonable measures to protect all property and records belonging to or in possession of the Credit Rating Agency from fraud, theft or misuse.
- 9.10.4 Credit Rating Agency employees must be prohibited from engaging in transactions in securities when they possess confidential information concerning the issuer of such security.
- 9.10.5 In preservation of confidential information, Credit Rating Agency employees must familiarise themselves with the internal securities trading policies maintained by their employer, and periodically certify their compliance as required by such policies.
- 9.10.6 Credit Rating Agency employees must not selectively disclose any non-public information about rating Credit Rating Agencies or possible future rating actions of the Credit Rating Agency, except to the issuer or its designated agents.
- 9.10.7 Credit Rating Agency employees must not share confidential information entrusted to the Credit Rating Agency with employees of any affiliated entities that are not Credit Rating Agencies. Credit Rating Agency employees must not share confidential information within the Credit Rating Agency except on an "as needed" basis.
- 9.10.8 Credit Rating Agency employees must not use or share confidential information for the purpose of trading securities, or for any other purpose, except the conduct of the Credit Rating Agency's business.

9.11 Communication with Market Participants

- 9.11.1 A Credit Rating Agency must disclose to the public its code of conduct. A Credit Rating Agency must also describe generally how it intends to enforce its code of conduct and must disclose on a timely basis any changes to its code of conduct or how it is implemented and enforced.
- 9.11.2 A Credit Rating Agency must establish a function within its organisation charged with communicating with market participants and the public about any questions, concerns or complaints that the Credit Rating Agency may receive. The objective of this function must be to help ensure that the Credit Rating Agency's officers and management are informed of those issues that the Credit Rating Agency's officers and management would want to be made aware of when setting the organisation's policies.
- 9.11.3 A Credit Rating Agency must publish in a prominent position on its home webpage links to (a) its code of conduct; (b) a description of the methodologies it uses; and (c) information about the its historic performance data.

9.12 Provision of consultancy and ancillary services

- 9.12.1 A Credit Rating Agency must not provide to a Rating Subject or a Related Party of a Rating Subject consultancy or advisory services relating to the corporate or legal structure, assets, liabilities or activities of such Rating Subject or Related Party. This prohibition includes, for example, making proposals or recommendations regarding the design or structure of Rating Subjects, including suggestions as to how a desired rating could be achieved. Some of the activities which are prohibited may constitute carrying on a Regulated Activity other than Operating a Credit Rating Agency. Even if a Credit Rating Agency has an authorisation to carry on such a Regulated Activity, it is prevented from providing such services to a Rating Subject or a Related Party.
- 9.12.2 For the purposes of this prohibition, a Related Party of a Rating Subject is:
- (a) an undertaking which is in the same Group as the Rating Subject;
 - (b) any Person who interacts with the Credit Rating Agency in respect of the Credit Rating; or
 - (c) any Person who has a significant business or other relationship with the Rating Subject or any Person referred to above.
- 9.12.3 A Credit Rating Agency may carry out activities which are ancillary to its Credit Rating Activities to a Rating Subject or a Related Party of the Rating Subject where it:
- (a) has a clear definition of what services it considers as ancillary activities;
 - (b) documents why the carrying on of such activities are considered not to raise any conflicts of interest with its Credit Rating Activities; and
 - (c) has in place adequate mechanisms to minimise the potential for any conflicts of interest arising.
- 9.12.4 Ancillary activities include, for example, market forecasts, estimates of economic trends, pricing analysis and other general data analysis, as well as related distribution services. These ancillary activities can be carried out for the benefit of Rating Subjects and their Related Parties where the requirements in this provision are met. These activities are also unlikely to constitute Regulated Activities.
- 9.12.5 A Credit Rating Agency must separate operationally its Credit Rating Activities from any ancillary services it provides. For example, Rating Analysts and other key individuals involved in Credit Rating Activities must not also be involved in the provision of such services. Where a Group member provides to a Rating Subject of a Credit Rating Agency any ancillary services, the Credit Rating Agency and the Group member must not share Employees or premises to ensure operational separation.
- 9.12.6 If a member of the Group, in which the Credit Rating Agency is also a member, provides services of the kind referred to in Rule 9.12.1 to a Rating Subject of the Credit Rating Agency

or a Related Party of such a Rating Subject, such services must be operationally and functionally separated from the business of the Credit Rating Agency.

9.13 Credit Rating Agency fees

A Credit Rating Agency must not enter into fee arrangements for providing Credit Ratings where the fee depends on the rating outcome or on any other result or outcome of the Credit Rating Activities.

9.14 Remuneration and reporting lines

9.14.1 A Credit Rating Agency must have remuneration structures and strategies which, amongst other things, are consistent with the business objectives and identified risk parameters within which the Authorised Person operates, and provide for effective alignment of risk outcomes and the roles and functions of the relevant Employees. The requirements set out in this section are designed to augment those remuneration requirements set out in GEN (in particular, Appendix 1.2 of GEN).

9.14.2 A Credit Rating Agency must ensure that Employees involved in the provision of Credit Ratings have reporting lines and remuneration arrangements that are designed to eliminate, or effectively manage, actual and potential conflicts of interest.

9.14.3 A Credit Rating Agency must ensure that its Employees are not remunerated, or their performance evaluated, based on the amount of revenue generated or expected from the Credit Ratings in which the Employee was involved.

9.14.4 The Employees intended to be covered by this Rule are Rating Analysts and other Employees who are directly involved in producing or reviewing a Credit Rating, or who are able to influence the credit rating process (such as the senior management).

9.14.5 A Credit Rating Agency must conduct formal and periodic reviews of its remuneration policies and practices relating to Employees who participate in, or who might otherwise have an effect on, the rating process to ensure that those policies and practices do not compromise the objectivity of the Credit Rating Activities.

9.15 Record keeping

9.15.1 A Credit Rating Agency must, for a minimum of six years, maintain sufficient records in relation to each activity and function of the Credit Rating Agency and, where appropriate, audit trails of its Credit Rating Activities. These must include, where applicable, the following:

- (a) for each Credit Rating:

9.15.2 For the purposes of Rule 9.15.1(a), the six-year period commences from the date the Credit Rating is disclosed to the public or distributed by subscription.

9.15.3 Information to support a Credit Rating includes information received from the Rating Subject or information obtained through publicly available sources or third parties and verification procedures adopted in relation to information such as those obtained from public sources or third parties. In accordance with GEN 3.3.34-3.3.37, records must be kept in such a manner as to be readily accessible.

9.15.4 Where a Credit Rating is subject to on-going surveillance and review, the Credit Rating Agency must retain records required under Rule 9.15.1 in relation to the initial Credit Rating as well as subsequent updates where such records are required to support the latest Credit Rating.

- (d) An Authorised Person must maintain systems and controls for identifying Money which must not be in a Client Account and for transferring it out of the Client Account without delay.
- (e) Where an Authorised Person is aware that a Person may make a payment of Client Money to the Authorised Person, it must take reasonable steps:
 - (i) to ensure that the Person has sufficient information of the relevant account details to be able to transfer Client Money directly to a Client Account, or otherwise to enable the Authorised Person to identify the Client Money; and
 - (ii) to ensure that the Authorised Person is notified by that Person of such payment as soon as reasonably practicable.
- (f) An Authorised Person must have procedures for identifying Client Money received by the Authorised Person, and for promptly recording the receipt of the Money either in the books of account or a register for later posting to and recording in the Client Account. The procedures must cover Client Money received by the Authorised Person through the mail, electronically or via agents of the Authorised Person or through any other means.

14.2.5 Client Accounts

 - (i) is held with a Third-Party Agent as banker, pursuant to Rules 14.2.7-14.2.8;
 - (ii) is established to hold Client Money;
 - (iii) is maintained in the name of:

- (A) if a Domestic Firm, the Authorised Person; or
 - (B) if a non-Domestic Firm, a Nominee Company controlled by the Authorised Person; and
 - (iv) includes the words "Client Account" in its title.
- (b) An Authorised Person can hold Client Money in a Client Account, a Designated Client Account or a Designated Client Fund Account. Rule 14.2.5 applies to each type of Client Account.
- (c) An Authorised Person must maintain a master list of all Client Accounts. The master list must detail:

 - (iii) the location of the account;
 - (iv) the banker or custodian, its address and contact information;
 - (v) the account terms and conditions;
 - (vi) whether the account is currently open or closed; and
 - (vii) the date of opening or closure.
- (d) The details of the master list must be documented and maintained for at least six years following the closure of an account.

Guidance

1. An Authorised Person holds all Client Money in Client Accounts for its Clients as part of a common pool of money so those particular Clients do not have a claim against a specific sum in a specific account; they only have a pro rata claim to the Client Money in general to which a particular Statutory Trust relates, as one of the beneficiaries of such Statutory Trust. The purpose of controlling or holding Client Money in a Client Account is to ensure that Money belonging to Clients is segregated and readily identifiable from Money belonging to the Authorised Person, such that, following a Pooling Event, Clients will have a joint property interest in the Client Money in proportion to each Client's entitlement in the Statutory Trust.
2. Alternatively, an Authorised Person may hold or control Client Money belonging to a Client in a Client Account constituting a Statutory Trust solely for that Client i.e. a Designated Client Account or Designated Client Fund Account. An Authorised Person holds Client Money in Designated Client Accounts or Designated Client Fund Accounts for those Clients that requested their Client Money be part of a specific pool of money, so those particular Clients have a property interest in relation to a specific sum in a

specific account constituting a Statutory Trust; they do not have a claim to the Client Money even if a Primary Pooling Event occurs (as described in Rule 14.4.2).

3. A Designated Client Fund Account may be used for a Client only where that Client has consented to the use of that account and all other Designated Client Fund accounts which may be pooled with it. For example, a Client who consents to the use of bank A and bank B should have Client Money related to it held in a different Designated Client Fund account at bank B from a Client who has consented to the use of banks B and C.
4. A Primary Pooling Event triggers a notional pooling of all the Client Money related to each Statutory Trust. The obligation to distribute Client Money following a Pooling Event is described in the Client Money Distribution Rules.

14.2.6 Exceptions to Holding Client Money in Client Accounts

- (a) The requirement for an Authorised Person to hold Client Money in a Client Account does not, subject to Rule 14.2.6(b), apply with respect to such Client Money:
 - (i) received in the form of cheque, or other payable order, until the Authorised Person, or a Person or account controlled by the Authorised Person, is in receipt of the proceeds of that cheque;
 - (ii) temporarily held by an Authorised Person before forwarding to a Person nominated by the Client; or
 - (iii) in connection with a Delivery Versus Payment Transaction where:
 - (A) in respect of a Client purchase, Client Money from the Client will be due to the Authorised Person within one day upon the fulfilment of a delivery obligation; or
 - (B) in respect of a Client sale, Client Money will be due to the Client within one day following the Client's fulfilment of a delivery obligation.
- (b) An Authorised Person must pay Client Money received by it of the type described in Rule 14.2.6(a)(ii) or Rule 14.2.6(a)(iii) into a Client Account where it has not fulfilled its delivery or payment obligation within three days of receipt of the Money or Investments, unless in the case of the type of Client Money referred to in Rule 14.2.6(a)(iii)(B), it instead safeguards Client Investments at least equal to the value of such Client Money.
- (c) An Authorised Person must maintain adequate records of all cheques and payment orders received in accordance with Rule 14.2.6(a)(i) including, in respect of each payment, the:
 - (i) date of receipt;
 - (ii) name of the Client for whom payment is to be credited; and

- (iii) date when the cheque or payment order was presented to the Authorised Person's Third-Party Agent.
- (d) The records must be kept for a minimum of six years.
- (e) Cash held by an Authorised Person that is a bank as a deposit in its capacity as a bank is not Client Money.
- (f) Cash received under a title transfer collateral arrangement from a Market Counterparty or Professional Client is not Client Money.

14.2.7 Appointment of a Third-Party Agent

- (a) An Authorised Person may pay, or permit to be paid, Client Money to a Third-Party Agent in accordance with Rule 14.2.8(a) only where it has undertaken a prior assessment of the suitability of that Third-Party agent and concluded on reasonable grounds that the Third-Party Agent is suitable to hold that Client Money in a Client Account.
 - (i) When assessing the suitability of the Third-Party Agent, the Authorised Person must ensure that the Third-Party Agent will provide protections equivalent to the protections conferred by this section.
 - (ii) An Authorised Person must have systems and controls in place to ensure that the Third-Party Agent remains suitable.
- (b) An Authorised Person must be able to demonstrate to the Regulator's satisfaction the grounds upon which the Authorised Person considers the Third-Party Agent to be suitable to hold that Client Money.
- (c) When assessing the suitability of a Third-Party Agent, an Authorised Person must have regard to:
 - (i) its credit rating;
 - (ii) its capital and financial resources in relation to the amount of Client Money held;
 - (iii) the insolvency regime of the jurisdiction in which it is located;
 - (iv) its regulatory status and history;
 - (v) its Group structure; and

 - (i) the Client Money is to be used in respect of a Transaction or series of Transactions for that Client;
 - (ii) the Client Money is to be used to meet an obligation of that Client; or
 - (iii) the Third-Party Agent is a Bank or an Authorised Person which is authorised to accept or take Deposits.
- (b) In respect of Rule 14.2.8(a)(i) and Rule 14.2.8(a)(ii), an Authorised Person must not hold any excess Client Money with the Third-Party Agent longer than necessary to effect a Transaction or satisfy the Client's obligation.
- (c) When an Authorised Person opens a Client Account with a Third-Party Agent it must obtain, within a thirty day period, a written acknowledgement from the Third-Party Agent stating that:
 - (i) all Money standing to the credit of the account is held by the Authorised Person as agent and that the Third-Party Agent is not entitled to combine the account with any other account or to exercise any charge, mortgage, security, lien, right of set-off or combination or counterclaim against Money in that account in respect of any sum owed to it on any other account of the Authorised Person; and
 - (ii) the title of the account includes the words "Client Account" as required under Rule 14.2.5(a)(iv).
- (d) If the Third-Party Agent does not provide the acknowledgement referred to in Rule 14.2.8(c) within a 30-day period, the Authorised Person must refrain from making further deposits of Client Money with that Third-Party Agent and withdraw any Client Money standing to the credit of that Client Account.

Guidance

The Regulator would consider twenty days as being a reasonable period for an Authorised Person to receive a written acknowledgement from the Third-Party Agent.

14.2.9 Payment of Client Money from Client Accounts

- (a) An Authorised Person must have procedures for ensuring all withdrawals from a Client Account are authorised.

- (d) An Authorised Person must not use Client Money belonging of one Client to satisfy an obligation of another Client.

Guidance

1. The effect of Rule 14.2.9(d) is that an Authorised Person would be required to deposit its own Money into a Client Account to remedy a shortfall arising from a Client debit balance.
2. An Authorised Person must have a system for ensuring no off-setting or debit balances occur on Client Accounts.

14.2.10 Client Disclosure

- (a) Before, or as soon as reasonably practicable after, an Authorised Person receives Client Money belonging to a Client, it must disclose to the Client on whose behalf the Client Money is held:

 - (iii) ensure that all shortfalls, excess balances and unresolved differences, other than differences arising solely as a result of timing differences between the accounting systems of the Third-Party Agent and the Authorised Person, are investigated and, where applicable, corrective action is taken as soon as possible.

- (d) The Authorised Person must:
 - (i) distribute Client Money in accordance with Rule 14.2.15, so that each Client who is a beneficiary of each separate Statutory Trust receives a sum which is rateable to the Client Money entitlement and calculated in accordance with Rule 13.4.3(n) relating to each Client's Client Equity Balance; or
 - (ii) (where applicable) transfer Client Money held at a Recognised Clearing House or Non-ADGM Clearing House to effect or facilitate porting of positions held for the Clients who are beneficiaries of that separate Statutory Trust; and

- (e) If, in connection with a Clearing Member Client Contract, Client Money is remitted directly to the Authorised Person either from a Recognised Clearing House or from a Clearing Member thereof, then:
 - (i) any such remittance in respect of a Client Account constituting a separate Statutory Trust under Rule 13.2.14 must be distributed to the relevant Client interested in such Client Account subject to Rule 14.2.15(d); and
 - (ii) subject to (e)(i), any such remittance in respect of any other Client Account must form part of the relevant Statutory Trust under (b) and be subject to distribution accordingly.
- (f) Where any Asset is valued by a Recognised Clearing House, the close-out price or valuation of the Recognised Clearing House shall apply on a Pooling Event, regardless of the actual time of close-out, provided that the Recognised Clearing House has acted in accordance with its Default Rules.
- (g) For the avoidance of doubt, 'relevant Clients' in the case of (e) includes any entitlement of a Client held by it for a Person who is an indirect client.
- (h) Where an Authorised Person that is a Clearing Member of a Recognised Clearing House defaults, the Recognised Clearing House may:
 - (i) port Client positions and related collateral (including proceeds of Client Money or Safe Custody Assets) where possible; and

- (j) Where any balance remitted from a Recognised Clearing House (or in the case of the Authorised Person being an indirect Client, a Clearing Member) to an Authorised

Person is Client Money, Rule 13.4.3(k) provides for the distribution of remittances from either an Individual Client Account or an Omnibus Client Account.

- (k) Remittances received by the Authorised Person falling within Rules 13.4.3(e)(i) and (ii) should not be pooled with Client Money held in any Client Account operated by the Authorised Person at the time of the Primary Pooling Event. Those remittances should be segregated and promptly distributed to each Client on whose behalf the remittance was received.
- (l) For the avoidance of doubt, in respect of a Clearing Member Client Contract, any Client Money remitted by the Recognised Clearing House (or in the case of the Authorised Person being an indirect Client, a Clearing Member) to the Authorised Person pursuant to Rule 13.4.3(e) should not be treated as Client Money received after the Failure of the Authorised Person under Rule 14.4.4.
- (m) The Authorised Person's obligation to its Client in respect of Client Money relating to a particular Statutory Trust is discharged where the Authorised Person, to facilitate porting transfers or the transfer of that Client Money to a Clearing Member in connection with a Clearing Member Client Contract and the Clearing Member, remits payment to another Authorised Person or to another Clearing Member where the Client Money is paid to the Client or a duly authorised representative of the Client.
- (n) Each Client's Client Equity Balance must be reduced by:
 - (i) any amount paid by:
 - (A) a Clearing House to a Clearing Member other than the Authorised Person in connection with a porting arrangement where Client Money is ported by the Recognised Clearing House as part of the default management process of that Recognised Clearing House;

 - (iii) any amount that must be distributed to that Client by the Authorised Person in accordance with Rule 13.4.3(e)(i) and (ii).

- (o) When, in respect of a Client who is a beneficiary of a Statutory Trust, there is a positive individual Client balance and a negative Client Equity Balance in relation to that Statutory Trust, the credit for that Statutory Trust must be offset against the debit reducing the individual Client balance for that Client.
- (p) When, in respect of a Client who is a beneficiary of a Statutory Trust, there is a negative individual Client Equity Balance and a positive Client Equity Balance in relation to that Statutory Trust, the credit for that Statutory Trust must be offset against the debit for that Statutory Trust reducing the Client Equity Balance for that Client.

14.4.4 Client money received after the Failure of the Authorised Person

- (a) Subject to Rule 14.4.3, Client Money received by the Authorised Person after a Primary Pooling Event in respect of a Statutory Trust must not be pooled with Client Money held in any Client Account operated by the Authorised Person either in respect of that Statutory Trust or any other Statutory Trust at the time of the Primary Pooling Event. Such Client Money must instead be placed in a Client Account that has been opened after that event and must be handled in accordance with the requirements in Rule 14.2, and returned to the relevant Client(s) without delay, except to the extent that:
 - (i) it is Client Money relating to a transaction that has not settled at the time of the Primary Pooling Event; or
 - (ii) it is Client Money relating to a Client, for whom the Client Equity Balance, calculated in accordance with Rules 14.4.3(n), 14.4.3(o) and 14.4.3(p), shows that Money is due from the Client to the Authorised Person at the time of the Primary Pooling Event.
- (b) Client Money received after the Primary Pooling Event relating to an unsettled transaction should be used to settle that transaction. Examples of such transactions include:
 - (i) an equity transaction with a trade date before the date of the Primary Pooling Event and a settlement date after the date of the Primary Pooling Event; or
 - (ii) a contingent liability investment that is 'open' at the time of the Primary Pooling Event and is due to settle after the Primary Pooling Event.
- (c) If an Authorised Person receives a mixed remittance after a Primary Pooling Event, it must:
 - (i) pay the full sum into the separate Client Account opened in accordance with (a); and
 - (ii) pay the money that is not Client Money out of that Client Account into an Authorised Person's own account within one business day of the day on which the Authorised Person would normally expect the remittance to be cleared.

- (d) Whenever possible the Authorised Person should seek to split a mixed remittance before the relevant accounts are credited.
- (e) If both a Primary Pooling Event and a Secondary Pooling Event occur, the provisions of this section relating to a Primary Pooling Event apply.

14.4.5 Secondary Pooling Events

- (a) A Secondary Pooling Event occurs on Failure of a third party to which Client Money held by the Authorised Person has been transferred under Rule 14.2.5(a) or Rule 14.2.9 and the Authorised Person has not repaid to its Clients or paid into a Client Account at an unaffected bank, an amount equivalent to the shortfall in the amount of Client Money held by the third party.
- (b) The Authorised Person would be expected to reflect the shortfall in (a) in its records of the entitlement of Clients and of Client Money held with third parties under Rules 14.2.18, 14.3.6, and 14.3.7.

Guidance

1. These rules in relation to Secondary Pooling Events seek to ensure that Clients who have previously specified that their Client Money be placed in a Designated Client Account at a different bank, should not suffer the loss of a different bank that has Failed.
2. When Client Money is transferred to a third party, an Authorised Person continues to owe fiduciary duties to the Client. Whether an Authorised Person is liable for a shortfall in Client Money caused by the Failure of a third party will depend on whether it has complied with its duty of care as agent or trustee.

14.4.6 Failure of third parties: pooling and distribution

- (a) This section applies to third parties, which includes:
 - (i) a bank (where one or more general Client Accounts are held under one or more Statutory Trusts or separate Statutory Trusts); and
 - (ii) an intermediate broker, settlement agent or OTC counterparty.
- (b) If a Secondary Pooling Event occurs as a result of the Failure of such a third party where one or more Client Accounts are held under different Statutory Trusts, then:
 - (i) in relation to every Client Account of the Authorised Person maintained in respect of a particular Statutory Trust, Rule 14.4.7 will apply.
- (c) Money held in each general Client Account of the Authorised Person under a Statutory Trust or separate Statutory Trusts must be treated as pooled into a single Statutory Trust ("the relevant pool") and:

- (i) any shortfall in Client Money held, or which should have been held in the general Client Accounts for the relevant pool, that has arisen as a result of the Failure of the third party, must be borne by all the Clients of that relevant pool, rateably in accordance with their entitlements;
 - (ii) a new Client Money entitlement must be calculated for each Client of the relevant pool to reflect the requirements in (i), and the Authorised Person's records must be amended to reflect the reduced Client Money entitlement;
 - (iii) the Authorised Person must make and retain a record of each Client's share of the Client Money shortfall at the Failed third party until the Client is repaid; and
 - (iv) the Authorised Person must use the new Client Money entitlements, calculated in accordance with (ii), for the purposes of reconciliations pursuant to Rules 14.2.12(a) to 14.2.12(d) for the relevant Clients in (ii).
- (d) The term "which should have been held" is a reference to the Failed third party's Failure to hold the Client Money at the time of the Pooling Event.
- (e) Any Client Money held under a particular Statutory Trust, in relation to a Designated Client Account at a third party (other than the Failed third party) is not pooled with any other Client Money held in that particular Statutory Trust or any other Statutory Trusts.
- (f) Any Client Money held under a Statutory Trust, no part of which is at the Failed third party,
- (g) is not pooled with any Client Money of other affected Statutory Trusts.
- (h) Any shortfall in Client Money held under a particular Statutory Trust affected by a Secondary Pooling Event must be borne by all the Clients whose Client Money is held in such a Statutory Trust, rateably in accordance with their Client Money entitlements.
- (i) A new Client Money entitlement must be accordingly and the Authorised Person's records must be amended to reflect each Client's new Client Money entitlement.
- (j) the Authorised Person must make and retain a record of each Client's share of the Client Money shortfall at the Failed third party until the Client is repaid; and
- (k) the Authorised Person must use the new Client Money entitlements, calculated in accordance with (i), for the purposes of reconciliations pursuant to Rules 14.2.12(a) to 14.2.12(d) for the relevant Statutory Trust(s).
- (l) A Client whose Money was held, or which should have been held, in a Designated Client Account or Designated Client Fund with a Failed third party is not entitled to claim in respect of that Money against any other Client Account of the Authorised Person;

14.4.7 Client Money received after the Failure of a third party

- (a) Client Money received by the Authorised Person after the Failure of a third party, that would otherwise have been paid into a Client Account at that Failed third party
 - (i) must not be transferred to the Failed third party unless specifically instructed by the Client in order to settle an obligation of that Client to the Failed third party; and
 - (ii) must be, subject to (i), placed in a separate Client Account relevant affected Statutory Trust(s):
 - (A) on the written instruction of the Client, transferred to a third party other than the one that has Failed; or
 - (B) returned to the Client as soon as possible.
- (b) If an Authorised Person receives a mixed remittance after the Secondary Pooling Event which consists of Client Money that would have been paid into a Client Account, a Designated Client Account or a Designated Client Fund Account maintained at the third party that has Failed, it must:
 - (i) pay the full sum into a Client Account other than one operated at the Failed third party; and
 - (ii) pay the money that is not Client Money out of that Client Account within one business day of the day on which the Authorised Person would normally expect the remittance to be cleared.
- (c) Whenever possible the Authorised Person should seek to split a mixed remittance before the relevant accounts are credited.

14.4.8 Notification to the Regulator

- (a) On the Failure of a Third Party with which Client Money is held, the Authorised Person must notify the Regulator:
 - (i) as soon as it becomes aware of the Failure of any bank, intermediate broker, settlement agent, OTC counterparty or other entity with which it has placed, or to which it has passed, Client Money; and
 - (ii) as soon as reasonably practical, whether it intends to make good any shortfall that has arisen or may arise and of the amounts involved.

2. The purpose of recording, registering or holding Investments in a Client Account is to ensure that Investments belonging to Clients are readily identifiable from Investments belonging to the Authorised Person such that, following a Pooling Event, any subsequent distribution of Investments may be made in proportion to each Client's valid claim over those Investments.
3. Following a Pooling Event, a Client may not have a valid claim over Investments registered, recorded or held in a Client Account if that Client Account was not established to register, record or hold Investments for that Client or a pool of Clients of which that Client was a part.

- 15.5.1 (a) Before an Authorised Person holds a Safe Custody Investment with a Third-Party Agent or Arranges Custody through a Third-Party Agent, it must undertake an assessment of that Third-Party Agent and have concluded on reasonable grounds that the Third-Party Agent is suitable to hold those Safe Custody Investments.

15.6.1 Before an Authorised Person passes, or permits to be passed, Safe Custody Investments to a Third-Party Agent it must have procured a written acknowledgement from the Third-Party Agent stating:

- (a) that the title of the account sufficiently distinguishes that account from any account containing Investments belonging to the Authorised Person, and is in the form requested by the Authorised Person;

16. RECOVERY AND RESOLUTION PLANNING FOR CLIENT MONEY AND SAFE CUSTODY ASSETS

16.1 Application and purpose

16.1.1 This chapter contains rules which ensure that an Authorised Person maintains and is able to retrieve information that would, in the event of its insolvency, assist an insolvency practitioner in achieving a timely return of Client Money and Safe Custody Assets (Chapters 14 and 15) held by the Authorised Person to Clients.

16.1.2 This chapter applies to an Authorised Person when it:

- (a) holds, safeguards or administers Financial Instruments, acts as trustee or depository or manager of an Alternative Investment Fund or is acting as trustee or depository of a Collective Investment Fund; and
- (b) holds Client Money in accordance with Chapter 15.

16.2 General provisions

16.2.1 An Authorised Person falling within Rule 16.1.2 must maintain at all times and be able to retrieve, in the manner described in this chapter, the documents and records specified in Rule 16.3.1 and Rule 16.4.1 ("Resolution Pack").

16.2.2 An Authorised Person falling within Rule 16.1.2 should maintain the component documents of the Resolution Pack in order for them to be retrieved in accordance with Rule 16.2.6, and should not use the retrieval period to start producing these documents.

16.2.3 The contents of the documents that constitute the Resolution Pack are likely to change from time to time (for example, because regular reconciliations must be included in the pack).

16.2.4 An Authorised Person is required to retrieve the Resolution Pack only in the circumstances prescribed in Rule 16.2.6.

16.2.5 For the purpose of this chapter, an Authorised Person will be treated as satisfying Rule 16.2.1 in this chapter requiring it to include a document in its Resolution Pack if a member of that Authorised Person's Group includes that document in its own Resolution Pack, provided that:

- (a) that Group member is also subject to Rule 16.2.6; and
- (b) the Authorised Person is still able to comply with Rule 16.2.6.

16.2.6 In relation to each document in an Authorised Person's Resolution Pack an Authorised Person must:

- (a) put in place adequate arrangements to ensure that an administrator, receiver, trustee, liquidator or analogous officer appointed in respect of it or any material part of its property is able to retrieve each document as soon as practicable and in any event within 48 hours of that officer's appointment; and

- (b) ensure that it is able to retrieve each document as soon as practicable, and in any event within forty-eight hours, where it has taken a decision to do so or as a result of a request by the Regulator.
- 16.2.7 Where documents are held by members of an Authorised Person's Group in accordance with Rule 16.2.5, the Authorised Person must have adequate arrangements in place with its Group members which allow for delivery of the documents within the timeframe referred to in Rule 16.2.6.

- 16.2.9 Where an Authorised Person is reliant on the continued operation of certain systems for the provision of component documents in its Resolution Pack, it should have arrangements in place to ensure that these systems will remain operational and accessible to it after its insolvency.
- 16.2.10 Contravention of either Rules 16.2.8 or 16.2.9 may be relied upon as tending to establish contravention of Rule 16.2.6.
- 16.2.11 Where an Authorised Person anticipates that it might be the subject of an insolvency order, it is likely to have sought advice from an external adviser. The Authorised Person should make the Resolution Pack available promptly, on request, to such an adviser.
- 16.2.12 An Authorised Person must ensure that it reviews the content of its Resolution Pack on an ongoing basis to ensure that it remains accurate. In relation to any change of circumstances that has the effect of rendering inaccurate, in any material respect, the content of a document specified in Rule 16.2.1, an Authorised Person must ensure that any inaccuracy is corrected promptly and in any event no more than five business days after the change of circumstances arose.
- 16.2.13 For the purpose of Rule 16.2.12, an example of a change that would render a document inaccurate in a material respect is a change of institution identified pursuant to Rule 16.3.1(b).
- 16.2.14 An Authorised Person may hold in electronic form any document in its Resolution Pack provided that it continues to be able to comply with Rule 16.2.6 and Rule 16.2.11 in respect of that document.
- 16.2.15 An Authorised Person must notify the Regulator in writing immediately if it has not complied with or is unable to comply with Rule 16.2.1.
